## \$692,601 Tax Levy For Madison Schools

Expect Rise of Few  
Cents in Tax Rate;  
Budget is Approved

A tax levy of \$692,601 — \$2995 below that of last year — was approved by the Madison board of education Tuesday night. The tentative \$1,229,515 1964-65 budget announced in July was adopted without change.

Major item of the new levy is \$481,000 for the educational fund, unchanged from last year's figure. Other items include municipal retirement, \$16,500; \$1500; transportation, \$6400, down \$300; building fund, \$80,000, down \$3500; bond interest, \$102,806, up \$249; and deficiency bonds and interest, \$5894, down \$945.

School Supt. Wensel L. Brown said the 1964 tax rate is expected to rise "a few cents" because of a drop of more than \$100,000 in assessed valuation during the past year.

The 1963 rate was \$2.17 per \$100 valuation. For 1962, the rate was \$2.05.

**At Rate Limits**  
Brown said the only rate increase possible is for municipal retirement and for payments of bonds and interest, since legal rate limitations freeze other rates.

The board conducted a public hearing prior to its regular session for the purpose of advancing the tentative budget to passage. It was the subject of any public discussion, the budget was approved.

While the new 1964-65 budget is \$489,899 higher than the budget of the previous year, the tax levy remains practically the same as last year's levy since the school district's tax rates already are at a maximum. It is unlikely that the full amount of the levy—or the budget—can be raised.

## Reactive Extra Funds

Much of the difference between the amount of the levy and the amount of the budget is made up of state and federal allotments and reimbursements from cafeteria operations and other school district operations.

Largest increase in the new budget is in instructional costs, which jumped \$30,000 because of salary increases and additional teachers.

## Marvin Tedder, 56, Fire Marshal, Dies

Marvin Tedder, 56, former state fire marshal and Granite City fireman, died at 1 p.m. today at St. Elizabeth Hospital where he had been a patient since July 28. He suffered from a stomach disorder.

Mr. Tedder resided at 2329 Elm street, with his wife, Dorothy. He was a member of the city fire department 17 years before retiring in June 1958.

Funeral arrangements are incomplete at Mercer Funeral Home.

## Coin Boxes Looted At Car Wash Stalls

Coin boxes at two automatic car wash businesses were broken open and looted. It was discovered about 3:30 a.m. today by Granite City police.

At Updikes Service station, Venice avenue and Namekook road, two coin-dispensing machines and a soda machine were broken open, and two coin boxes at the Tri-Mor Car Wash were noted. No estimate of the loot was available.

## BIRTHS

Births recorded at St. Elizabeth Hospital:

**BOYS**  
Mr. and Mrs. Owen Sullivan, 5422 Maryville road, Aug. 25, Glen Edwin, seven pounds, four ounces.

Mr. and Mrs. Edward Brooks, 1708 Cleveland blvd., Aug. 24, Maurice Edward, six pounds, 11 ounces.

Mr. and Mrs. Clifton Basden, 2632 North street, Brett Eugene, seven pounds, one ounce.

Mr. and Mrs. John Marrett, Rural Route One, Aug. 25, Barry Neil, seven pounds, 10 ounces.

Mr. and Mrs. James Papp, 2153 State street, Aug. 25, Edwin Michael, five pounds, 12 ounces.

## Sneak Thieves and Prowlers Keep GC Police on Jump

A "Beetle-haired" sneak thief who burglarized a Granite City home while one occupant was watching television and the other was in bed, escaped with about \$64 in cash Monday night in a long series of burglary and prowling cases that kept police answering calls throughout the night.

## GC Park Board Sets 4-Day Fete For Labor Day

An outline of the Granite City park district's annual Labor Day festival Sept. 4-7 was presented to the park commission Tuesday night's regular monthly meeting.

Harold Brown, director of parks and recreation, said the four-day event will begin with rides and a street dance Friday, Sept. 4, and end with a television personality Russ Carter as master of ceremonies.

The carnival rides and concession booths will be in operation Saturday, Sunday and Monday, Sept. 5, 6 and 7. A special children's 10-cent admission and an appearance by TV's "Mr. Zoom" will be held Sunday afternoon.

The annual slow-pitch softball tournament will be held in conjunction with the festival. In other business, the commissioners approved an ordinance calling for a tax levy of \$162,220 for the 1964-65 fiscal year, an increase of about \$3000.

An ordinance to finalize the purchase of a portion of the new park on the eastern limits of the city for a section of land in back of Frohman's School, the commissioners approved unanimously.

Atty. Randall Robertson reported that at a recent meeting for park lawyers in Chicago, other park district lawyers were in attendance. The Granite City lawyers were "amazed" to find the Granite City organization has no bonded indebtedness.

While the new 1964-65 budget is \$489,899 higher than the budget of the previous year, the tax levy remains practically the same as last year's levy since the school district's tax rates already are at a maximum. It is unlikely that the full amount of the levy—or the budget—can be raised.

## News on Bicycle Hurt in Collision

David Lemons, 11, son of Mr. and Mrs. Frank Lemons, 2287 N. Main street, was injured in a collision with a car today. The boy was riding his bicycle on the east side of the street when he was struck by a car driven by a man who was driving south.

Mr. Tedder, 56, former state fire marshal and Granite City fireman, died at 1 p.m. today at St. Elizabeth Hospital where he had been a patient since July 28. He suffered from a stomach disorder.

## Parade on Friday

A large parade of autos will be routed through the Quad-Cities tomorrow beginning about 10:30 a.m. and ending at 1 p.m. in the annual Rotary Club Horse Show, to be held Sunday.

Rotarians with their cars will form at the Coolidge Junior high school parking lot before beginning the caravan.

President Glenn Ahernoth says the parade will feature "shiny cars, pretty girls, tangle hair and a lot of fun."

This year's show will top 1963's record attendance of 3500. The speedway has a seating capacity of 6000.

Proceeds of the benefit show will go toward the purchase of police dogs for the Granite City police department.

**A First For Local Area**  
Although previous shows were of the all-weather variety, Sunday's presentation will feature a class for open jumpers. This is believed to be the first time jumpers have appeared in the Quad-City area.

One of 16 in the Rotary show. Others include competition in saddle seat equitation, dressage, and a 40-year veteran of horse showing, expressed confidence.

## Mileage Travel Pay For School Employees

Fixed Allowances to  
End Next Year; Revise  
GC Extracurricular Pay

Elimination of fixed travel allowances for the first time in a school year was voted 4-3 Tuesday night by the Granite City board of education, which set up 10-cent-a-mile reimbursement to replace it.

Extracurricular pay was revised slightly, and the board asked Supt. Russell D. Johnson to recommend means of completely revamping extracurricular pay procedures effective in 1965-66.

Reason for the split vote on travel pay was a difference of opinion over whether to abolish existing allowances immediately, after a year or gradually over five years. The one-year plan was supported by Dr. Eugene W. Walton, Secretary Ronald Dillard, Treasurer Monroe Worth and Robert Spengler, while Superintendent Johnson, Ralph Buske and Robert Crider opposed.

**Avoid Immediate Impact**  
Ten-cent mileage will be paid immediately to those not previously reimbursed, such as band instructors, and it will be figured for all having allowances so that they can determine the impact on their total income in advance of the change a year from now. Most of the allowances total several hundred dollars.

Attention is to reimburse all who are required to use their own cars for school purposes.

## Women's Role in New UF Drive to be Meeting Topic

Participation by Granite City women in this year's United Fund drive will be the topic of a Sept. 3 luncheon meeting of the Granite City United Fund drive. The meeting will be held at the Granite City Club, 1000 N. Main street.

Women's clubs who join the drive will be assigned to their home areas. Hoelscher explained that the purpose of the Granite City United Fund drive is to help the poor in the Quad-City area.

Women have never before participated in the local United Fund campaign on a large scale.

## Jumpers Among 250 Horses In Show Sunday

Between 250 and 300 horses are expected for the Granite City Rotary club's fifth annual horse show at 1 p.m. Sunday at the Tri-City Speedway, 5054 Namekook road.

The show, which director and a 40-year veteran of horse showing, expressed confidence.

Proceeds of the benefit show will go toward the purchase of police dogs for the Granite City police department.

## Steel Pipe Plant to Resume Production

Is Shipment Is Made  
Despite \$50,000 Blaze  
That Destroyed Plant

The Young & Greenwald Co., fabricators of nestable steel culvert pipe which is shipped all over the world, will resume operations in Granite City despite last Monday's fire that destroyed the company's plant and equipment at a loss of more than \$50,000. J. L. Young, president of the company said today.

Young declined to discuss plans for resuming operations except to say "We are trying to get straightened out here" at the original plant site, 21st and Adams street. Work of clearing away charred timbers and piles of brick from collapsed walls was under way by crew crews this morning.

Records at the Granite City fire department placed the loss at \$50,000, and list \$3000 building insurance and \$20,000 on the equipment. Curtis Donley, assistant fire chief, said this estimate of damage was set by the Young & Greenwald Co. and that in his opinion the loss was greater.

Meanwhile a fleet of heavy trucks was being loaded with hundreds of half sections of corrugated culvert pipe that were shipped via the Tri-City Port to Tanganyika. The shipment represents the output of the Young & Greenwald plant during the two weeks it operated prior to Monday's fire. The pipe had been stored in stacks outside the plant.

The fire that destroyed the plant started about 10:45 a.m. Monday. It was caused by a cutting torch dropped into a vat of paint thinner used for treating the pipe. The flames spread rapidly and engulfed the building in a matter of minutes. The department sent pumps from the West Granite and the main station, and a service truck and a fire truck from the main station. No one was injured.

The first shipment is going to Tanganyika in Africa. A government agent representing the Agency of International Development is in the plant supervising loading work. He said the plant had been purchased by the Tanganyika government with a United States loan arranged through AID.

## Cities To Wait For State Aid To Change Dumps

Granite City will wait for further orders from the state before taking steps to comply with new state dump regulations, Mayor Davis said today.

He pointed out the Council of Mayors was not too concerned with the deadline since the state had issued the order without providing municipalities with a method of financing or without offering financial assistance.

"Look where Granite City could have been if it had proceeded immediately with river pollution abatement on the first order. We might have missed the nearly half-million dollars federal aid we are now getting," Davis added.

He said that other mayors are in agreement with the holdout action because of the state's method in giving the order. "We don't like the way they did it," Davis added.

All three local cities operate open dumps along Route 203 between Madison and East St. Davis added.

Close State Street 'Jog'  
The cut-off from State street to the Broadway overpass in Venice was closed this week as the city prepared for widening and sewer project recently approved by state and federal officials. State street traffic on Broadway is traveling over Market street.

## Madison School Board Completes Opening Details

The Madison school board meeting in regular session Tuesday night, completed action on remaining details for the opening of schools next Monday. The board's point of view was that the selection of suppliers for school cafeterias and approval of plans for continued participation in certain state and federal programs.

The board also accepted the resignation of Mrs. S. Selma Seales, formerly of Alton, as the school district's speech correctionist. Wensel Brown, school superintendent, told the board Mrs. Seales has joined her husband in Washington, D. C., where they plan to attend school, and does not plan to return to this area.

Mrs. Betty Williams, 1225 Market street, Venice, was employed as a kindergarten teacher at Plain school on a half-day basis. Brown explained the post was made necessary on a half-day schedule to handle the overflow from the Dunbar school kindergarten. Mrs. Margaret Black-shar, 1433 Third street, Madison, was employed as kindergarten teacher at Harris school on a full-time basis.

Members of the board approved a list of suppliers for the school cafeteria, as follows: bread, American Bakeshop Co.; crackers, Schulze-Buch; meat, Miller's Provision Co.; fresh vegetables, to be bought on an open produce market; canned goods, Edray Foods, Inc., and Kraft Foods; fish and frozen foods, items, Independent or Meleto Co.; macaroni, spaghetti and noodles, Haverhill Food Products, Inc.; sugar and flour, Madison and Union Coal and Feed Company; and milk, Aro-Dress Dairy.

**Continue Special Programs**  
The district's special education program, which has been conducted in past years in cooperation with the state, will be continued this year under board approval authorizing the superintendent to work with the state.

This phase of special activity provides a school social worker, speech correctionist, and programs for the physically handicapped and educable mentally handicapped. It also includes a cooperative program with Venice schools and with the Madison county school psychological staff.

The board approved continued participation in federal aid programs and approved Supt. Brown as authorized agent of the school district. Also approved was continuation of adult education classes in cooperation with the state superintendent of instruction and Illinois Public Aid Commission.

July bills totaling \$88,619 in the educational fund and \$2488 in the building fund were approved. Educational fund payments included \$3395 out of the administration division and \$69,187 out of the instruction division. Other payments included: health, \$805; school operation, \$10,492; maintenance, \$713; fixed charges, \$3011; and school lunch, \$23.

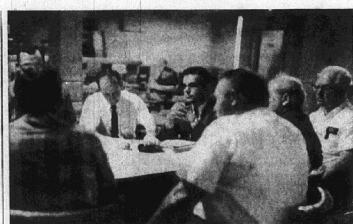

Building fund expenditures for July included \$242 for heating and utilities and \$2515 for maintenance.

### Problems at Crosswalks

## Safety Council Prepares For Opening of Schools

Quad-City motorists are being asked to be especially watchful at school crossings next week when both public and parochial schools begin fall terms. Members of the Quad-City Safety Council met Tuesday to plan safety precautions but were confronted with a problem that crosswalks will not be ready for the opening.

In Madison most streets are to be improved following the installation of new sewers, and in Granite City the crosswalk striping contract was awarded Monday night to a Wood River firm which will not be able to start until Sept. 14.

Charles Zeugin, president of the council, said the group will proceed with the distribution and posting of safety posters and will call for volunteers to aid in repainting the "wait here" signs

### Aerial Bomb Is Missing from Store

A full-size aerial bomb has been stolen from the doorway of a downtown Granite City store. It was reported to police today.

Earl Harris, manager of the Surplus Store, 19th and Niedringhaus avenue, said the 30-inch bomb had been wired above the 19th street doorway for years. He discovered the wires had been cut and the bomb hauled away.

Harris explained two surplus bombs had been purchased by the store for display purposes. They were completely deactivated and presented no danger. He said the other bomb had been loaned to a group of college students for a treasure hunt several years ago and never returned. No advance arrangements were made to borrow the second missing bomb.

### Pvt. Reed Assigned To General Staff College

Pvt. Clarence D. Reed, 18, son of Mrs. River L. Reed, Viola Jones Homes, Madison, has been assigned to the U. S. Army Command and General Staff College, Fort Leavenworth, Kans.

A cook's helper in Headquarters Detachment, Reed entered the Army in March 1964 and completed basic training at Fort Leonard Wood, Mo. He attended the Madison high school.

## Madison School District Hopes to Avoid Borrowing

Madison School District 12 will be forced to borrow funds against anticipated income unless additional tax advances of \$130,000 can be obtained from Nameoki and Venice township tax collectors by Sept. 10, Ray Kozielek, treasurer of the district, reported at Tuesday night's board meeting.

Kozielek said that as of Aug. 1 the school district had a cash balance of \$20,432 in the educational fund, of which \$9084 represented school lunch funds; \$17,271 in the building fund, and \$588 in the bond and interest fund—a total of \$38,692.

On Aug. 13, Venice Township Collector Frank Reidelberger advanced \$20,000 to the school district and on Aug. 18 Nameoki Collector Gene Rotter advanced \$20,000 in taxes, Kozielek said. This \$40,000 tax distribution was placed in the educational fund. The treasurer pointed out that payments of state aid funds, upon which the school district depends for a monthly payment averaging around \$38,000, will not begin until sometime in October, leaving the school district with the prospect of depleted balances during September unless additional tax monies can be obtained.

"If we can obtain these distributions we can get by without borrowing money until state aid funds start coming in during October," he said. "Otherwise, with a heavier burden of expenses coming up with the opening of schools, we would be forced into the position of anticipating."

In a report to the Madison school board Tuesday night, Kozielek said that during the July 1 to Aug. 1 period the educational fund had a balance of \$74,761, plus receipts of \$41,797, for a total of \$116,558. Salaries and claims accounted for \$71,278 of the amount, and \$24,098 in outstanding checks reduced the balance further to \$20,432, he reported.

**Zurkühlen Given 4 Years in Prison**  
Rno Zurkühlen, 45, has 10 years to file a motion in U. S. District Court to appeal a sentence of four years in federal prison and a \$10,000 fine handed yesterday by Federal Judge Omer Poes.

Zurkühlen was convicted by jury on a charge of receiving stolen property from the Granite City Army Depot. Federal agents confiscated the property last summer after finding it in the trunk of his auto.

Zurkühlen, whose address is 1243 Madison avenue, Madison, was indicted by a federal grand jury in August 1963. His petition for probation was denied by Judge Poes.

**Arrested in Madison**  
George H. Schardan, 31, of 2902 Nameoki road, was arrested by Madison police early Wednesday on a charge of disobeying a stop sign at Third and Alton streets. He posted cash bond for a hearing in magistrate's court Sept. 12.

**Plugs and Politics Topics for GC Rotary**  
Horses and a house were the main subjects of interest Tuesday afternoon at the regular meeting of the Granite City Rotary club.

The horses are those which will appear Sunday at the annual Rotary Horse Show at the Tri-City Speedway. Final preparations were made and committees named for the event.

The house is that of the Illinois legislature. State Rep. Ralph Smith (R) of Alton told the club of the problems facing the state with the Nov. 3 at-large election of representatives. The "big-brother" election will be an important one, he said, because of the large number of candidates to be voted upon and because the election will probably determine the outcome of reapportionment proceedings in the state.

Smith, who was introduced by William Hoedebecke, chairman for the day, predicted that reapportionment would be delayed as long as one party controls the legislature and the other the governor's mansion.

President Glenn Abernethy announced membership of four committees which will supervise the program Sunday. Co-Moderators are in charge of ticket-takers and sales.

## Union Starch Workers Ratify New Agreement

Union Starch & Refining Co. was back in full operation today under a new contract agreement accepted by the Oil, Chemical and Atomic Workers Local 7663 Monday night.

Acceptance of the new contract in a membership meeting at the Labor Temple ended two months negotiations marked by two strike threats and a four-hour walkout at midnight on Sunday.

The new contract, according to a company spokesman, involves a "package deal" of 10.5 cents. Union officials said part of the wage settlement will be applied to fringe benefits, principally vacations and pension payments.

Five-Week Vacation  
Floyd Miller, president of the local, said vacations have been increased from four weeks for 20 years service under the old contract to five weeks for 20 years service under the new contract. Miller said pension increases will amount to about 15%. The contract is for a two-year period with a wage re-opening clause.

The agreement was reached between union and company officials at 4 a.m. Monday, four hours after the union called a strike and set up a picket line at the plant. The picket line was withdrawn immediately upon announcement that an offer had been made by the company, subject to ratification by the membership.

Miller said the vote to accept the company proposal in Monday night's meeting was unanimous. Approximately 300 workers are employed at the Union Starch & Refining Co. plant.

The plant remained shut down through Monday, pending the membership meeting. Final details of the agreement were worked out in a meeting Tuesday morning and workers were called back immediately.

The union contract expired July 1. Negotiations first broke down the latter part of July and a strike deadline of Aug. 6 was set by the union. The U.S. Conciliation and Mediation Service session for last Friday. This session also ended without progress and the union reset its strike for midnight Sunday.

Again, U.S. Mediators arranged a further session starting at 2 p.m. last Sunday. That meeting continued through the day and night.

The strike was called as scheduled, while negotiation sessions still were going on. An agreement was reached four hours later, resulting in withdrawal of the picket line but continued shutdown of the plant through Monday, until the membership had an opportunity to act on the proposal.

## Drouth Loans Available To County Farmers

(Special from Washington)

Congressman Melvin Price announced Tuesday that federal loans will be made available to drouth-stricken farmers in Madison county through the Farmers Home Administration.

The agency will handle 3 1/2 emergency crop loans to farmers who are unable to obtain credit to carry on normal operations because of the serious drouth and crop failures.

Bids Sept. 16

(Continued from page 1.)

port back on possible costs and procedures of the detailed building survey.

**Bus, Taxi Contracts.** School Attorney Maurice Daley was instructed to draw up a contract for operation of school buses in 1964-65. Estimated payment to the Bus Transit System is \$155,883 for providing 20 buses each school day morning, one bus at noon and 25 buses in the afternoon. A list of routes was approved by the board Tuesday night.

A taxicab transportation contract with Quad-City Cab Co was approved, listing 30-cent fare to 2400 east, 75 cents to 2600 north and 2600 east to Namook road, \$1 to Belleme Glenview and Westchester and \$1.25 to Briarcliff, Maryland Place, Maryland Heights, Gorbie Holiday Gardens and Cloverview.

Bakery vendors again were designated as Interstate Bakeries (Dolly Madison), Continental Bakeries (Hostess), Ward Baking (Tipp-Ton) and American Bakeries (Grennan) for Granite City high schools. There will be monthly rotation to give each equal sales opportunity.

Acting on bids on frozen fruits and vegetables for the school lunch program, the board awarded orange juice, cherry, peas and corn contracts to Lombard's Wholesale, and mixed vegetables and French fried potatoes to Independent Frozen Foods.

Belleme Bakery will provide cafeteria doughnuts and rolls at 42 cents a dozen for sugared and glazed doughnuts, 50 cents for jelly and twisted doughnuts and 96 cents a dozen for assorted rolls.

**Candy, Soda Machines.** Operation of school candy machines was awarded to Zimring & Sons of Granite City. Both Zimring and M. & M. Vending Co. of Collinsville had a 20% commission to the school district.

Pre-mix soda machines will be installed by the Pepsi-Cola Alton Bottling Co., whose high offer of a 40% commission (four cents on each time drink) would total \$4620 if sales remain the same as last year. The district received \$2838 on a 25% refund in 1963-64.

Twelve school clocks for Washington and five for Nidringhaus, complete with class bells, will be provided by Stone Distributing Co., St. Louis, for a total of \$130.

National Auto Supply was designated to supply V-belts for furnaces and unit ventilators as needed, at a 40% discount from list price.

Bids were opened on liability insurance and updatory work. Recommendations will be considered at the next board meeting.

With only the Burlington Railroad expected to appeal a circuit court ruling on tax objections, most of the money ordered paid to the school district may be received this fall, Supl. Johnson said. The amount has not yet been calculated.

The board approved payment of \$11,685 to Maryland Casualty Co. and signed a release on construction work which had been scheduled to be performed by the Studebaker construction company on Coolidge junior high school additions. The firm halted operations before completion of the additions.

The amount paid to Maryland Casualty represented a deduction of \$3545 from the potential total, due to small phases of the work remaining to be carried out. Of the \$3545 withheld, \$500 is to be paid to Architects Henry Gabriel and Sylvester Durgoff for additional services resulting from the temporary halting of the project and the settlement negotiations.

Bills approved by the board Tuesday night totaled \$26,359 in the educational fund and \$31,861 in the building fund. A resolution was adopted at the request of Chapman & Cutler, bond attorneys, ratifying all board actions taken April 14 and 25. The board reorganized the first night and called a bond issue election for May 25 on the following evening.

cars to travel from one school to another during the day. Actual mileage will be checked at random times to assure accuracy.

Out-of-the-district auto travel has been reimbursed at six cents a mile, and this was increased to eight cents Tuesday night.

Extra curricular pay (time beyond regular assignment, or responsibility beyond that of a regular teacher) will remain basically the same this year as last year, but high school department heads and the audio-visual education director were raised from \$11 monthly to \$18.

Supl. Johnson said a percentage program for extra curricular pay, similar to that set up for administrative positions, has been under study but would not be feasible.

The revision next year, following a study participated in by representatives of various involved groups, will have as its goal the elimination of inequities. The study will deal with

"the whole area of pay above salary schedule," Supl. Johnson reported.

Meeting Change Discussed

Change in this week's meeting from Monday to Tuesday at the request of President Daniel Linder, who had expected to be out-of-town Monday night, was discussed by Board Member Spengler, who said whatever meeting day is chosen should be followed consistently.

Linder criticized Spengler for raising the issue in a public meeting after an informal poll of the board had showed no opposition. The president noted that he favors Tuesday, since he has to give up work on Monday evenings, but agreed to a Monday schedule at the request of new board members. He invited a motion on a meeting night change, but none was made.

Dr. Walton, who has Tuesday evening office hours, missed the first part of the meeting.

Supl. Johnson said two other Monday meetings may have to be changed—Oct. 12 due to an Illinois Association of School Administrators meeting and Nov. 23 because of the annual convention of the Illinois Association of School Boards.

The 7:30-11:20 p.m. meeting from 9:25 to 11:10.

Elmer Rutherford, 84, Ill 4 Years, Dies

Elmer R. Rutherford, 84, of 2127 Lee avenue, died about 12:30 p.m. Wednesday at Missouri Baptist Hospital, St. Louis. He had been ill about four years, and had undergone a glandular operation at the hospital two weeks ago.

A native of Peoria, Ill., Mr. Rutherford lived in St. Louis before moving to Granite City 43 years ago. He was a member of the Central Christian Church. His wife, Bertha, died in 1963.

He is survived by a sister, Mrs. Fanny Van Arsdale of Girard, Ill.

An obituary notice appears elsewhere in today's issue.

Executive session topics were travel allowances, extra-curricular pay, regular employment of former temporary teachers, use of school property by non-school groups, student injury insurance requirements, staff and the maintenance staff and summer travel by students.

An obituary notice appears elsewhere in today's issue.

Pleasant Sharp, 54, Retired Laborer, Dies

Pleasant Andrew Sharp, 54, of 1808 State street, a former Union Starch & Refining Co. laborer, died at 6:30 p.m. yesterday at St. Elizabeth Hospital. He had been ill since Monday at the hospital at 6 p.m. Wednesday. He had moved to Granite City 24 years ago from Elm, Ill., where he was born. He had been on disability leave for the past few years.

Survivors include his wife, Arlene; three daughters, Mrs. Kenneth (Caroline) Noe of Bourbon, Mo., Mrs. Shirley Curtis of Lebanon, N. H., and Miss Doris Sharp of Granite City; five brothers, Eugene, Frank and Adell, all of Elm, William of Worden and Lewis of Elkhardt, Ind.; five sisters, Mrs. Ruben (Edna) Rainwater and Mrs. Arlie (Melba) Anderson, both of Granite City, Mrs. Floyd (Alba) Mowery and Mrs. Joseph (Ica) Webb, both of Madison, and Mrs. Joseph (Mabel) Lessar of Elroy; and three grandchildren.

# 200 Candidates as Granite City, Madison Open Football Workouts

## Surprise Arrival of Big Transfer Cheers Bed-Ridden GCHS Coach

Pre-season preparations have just begun for the Granite City high school football team but there have already been enough surprises to give eager-beaver fans some hot topics for conversation.

The unhappy surprise came first when head coach Jim Morrison had an appendicitis attack and had to undergo emergency surgery a week ago. He was still in St. Elizabeth Hospital yesterday as practice opened, but he hopes to be dismissed by tomorrow.

"And even then, I'll have to take it pretty slow for awhile," said Morrison, who directed the Fighting Warriors to a 5-3 record in his first season last year. That was the school's best since 1958.

His assistants, however, gave the ex-Washington University coach something delightful to consider while he recovers. It was a happy surprise.

**Help From Alaska**  
This care package came in the form of huge Glenn Johnson, a junior transfer student from Alaska. The youngster is 6-foot-3 and weighs in at a trim 270.

Assistant Stan Wojcik said Johnson walked in early this week to check out football equipment. He told the coach his father is with the Coast Guard and was recently transferred here.

Even sight unseen, the report had Morrison dreaming of a defensive "Fearsome Foursome" of Johnson, 230-pound John Evenden, 220-pound Chuck Mizerski and 215-pound Jerry Line, all returning lettermen at tackle. Any such combination, of course, will depend on how the kids do in practice.

Other returning lettermen on the line are guards Ernie Kern, Jerry Lybarger and end Joe Hauptman. All the returning lettermen except Evenden, a defensive specialist, played both ways last season.

And this year, Morrison plans to play Lybarger, a strong 173-pounder, at halfback on offense. This is seen as a possible remedy for the departures of all-Southwestern Conference center Mike Rousseau and halfback Joe Hiles.

**11 Lettermen Gone**  
Along with Rousseau and Hiles, who drew honorable mention in several all-state polls, nine other graduated lettermen aren't around to help the Warriors.

They include Hiles' running mate Bob Pyle, fullback Norm Wilfong, ends Jim Nash and Ron Yates, tackle John Love, guard-linebackers Eric Robertson and Sandy Steingelinger, guard Randy Thompson, and reserve quarterback Rick Reutbuch.

Six of those received football scholarships—Hiles to Missouri, Pyle to Northwestern, Rousseau to Valparaiso (Ind.), Love and Wilfong to Northeast Missouri and Yates to Park State (Neb.). Also missing will be 190-pound senior tackle Tim Gibson, who decided to pass up the sport this year.

Four lettermen backs, however, do return. They are quarterback Doug Winfield, who started the last four games in 1963; Tom Craycraft, who averaged 4.3 yards in 22 carries at fullback; Nick Petrillo, a halfback who averaged 4.8 yards in 26 tries; and Mike Mounce, fleet defensive safety.

**Other Prospects**  
Morrison also listed several other seniors and juniors as figures to have a good shot at starting assignments. Backs include Harry Briggs, Rick Whitely, Jim Fomeroy, Tim Hack-

ney, Rick Turner, Ken Wier, Leonard Ravell, Dan Smith, Jim Rains, Gary Johnson and Ethan Allen.

Top line prospects, he said, include Bill Pates, John Pomeroy, John Russell, Ed Brokaw, Warren Evans, Willis Farless, Steve Johnson, Dana Lakatos, Jim Lingle, Steve Rains, Frank Vind and Fred Hoffman. At present, there are about 65 varsity and 50 sophomore athletes working out.

In the coaching department, Morrison's various assistants will be line specialists Stan Wojcik and Larry Burckhardt and backfield mentor Gordy Galbreath, dean of the staff, who is starting his sixth year.

**"Big News"**  
Head sophomore coach will be "Huck" Chappell, assisted by Conrad "Babe" Champion, who replaces Roger Mammel in the only staff change this year.

According to the pre-season information sheet sent out by Belleville coach Bob Frala, the Fighting Warriors figure to finish third behind his squad and East St. Louis, the perennial scoundrels for the Southwestern Conference title.

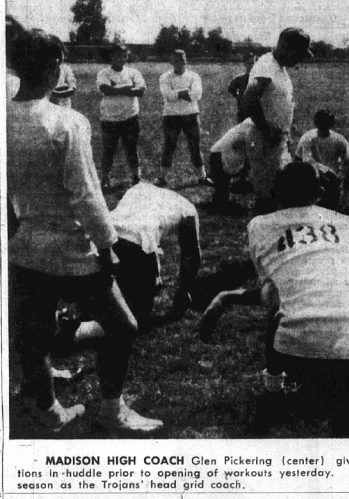

"The big news in our conference," he writes, "is the rise of Granite City. Their new coach going into his second year has got them going, and we'll hear plenty from them in the future."

Morrison was flattered but agreed the fight would probably be between Belleville, champion last three years, and East St. Louis, which dominated the league before their time. "But I think the biggest mistake everybody is making is underestimating Alto, a real tough, pool-pooping the distress signals from that city."

Looking to the opener with Riverview Gardens, Mo., here Sept. 18, Morrison said: "They'll be a real tough ball club to open against. They play a wide open game and do a lot of defensive stunting. It'll be a hard one to prepare for."

**NRA Approves Todoroff For Rifle Instruction**

He is now qualified to conduct local classes in firearms operation, safe gun-handling and the techniques of shooting on the target range and in the field.

Just one Granite City team will be in action Sunday in the Southwestern Illinois Inter-City Baseball League.

Sacred Heart will meet the Poconchos Braves in a 2:30 p.m. game at Wilson Park here.

Poconchos Braves in a 2:30 p.m. game at Wilson Park here. Mercer Funeral Home will let because its scheduled opponent, Altamont, has a dropped from the league and forfeited all remaining games.

**Victories by St. Clair** Heated of East St. Louis and Collinsville's Boosters in their games Sunday would give them the titles in the Blue and Red divisions respectively.

The Hearts have second-place in the Red wrapped up but the Braves are battling Poconchos for runner-up honors in the Blue loop.

After this Sunday's game, only two regular-season dates remain for the locals. On Sept. 6, the Hearts visit Collinsville and the Braves entertain Poconchos. Then the following afternoon, Labor Day, the Granite City teams meet at the park.

Post-season playoffs begin Sept. 13 with the first place winners in each division drawing bye and the second and third place teams playing each other. The victors that day then play the division champions Sept. 20 for the chance to enter the best-of-three Vernon Lucas Trophy series starting Sept. 27.

St. Clair is the defending league champion.

## THE MADISON COUNTY SPORTSMAN

By DON HASTINGS  
County Conservation Officer

With the coming of rain, hunters should be getting squirrels which are heavy on the hickory nuts now and beginning to hit the pecans in the northern counties of Jersey and Calhoun.

Best fishing has been in the river on trout lines with cut bait and the line laid in deep water on the bottom. This has been producing good channel cat catches.

The sighting of a coyote or so-called "wolf" the last week brought to mind how things have changed in the large animal field in our area over the past decade. Not long ago, deer in this county were rare. Now they are constantly being seen and have recovered three in the last 30 days that were killed on the highways in the county.

Last week, a doe and fawn stood in a timber road and let me approach in the car, stop and watch them for several minutes before stepping off in the woods. Many farmers tell of seeing them in bunches of up to five or six.

**Coyote in Macoupin**  
The coyote was standing in a dirt road just over the line in Macoupin county, watching me approach for a minute or two and then jumping off into a cornfield. These have been fairly common in the northern part of the county around Prairieview and in the south part of Macoupin county.

This one looked to be a true coyote, the "wolf" very tall and thin-legged but with a rather light body and not nearly as heavy as a police or cattle dog. They do, however, cross with dogs and then some acquire heavier bodies and more dog characteristics.

They seem to feed mostly upon the smaller animals and do not attempt to prey upon deer or larger farm animals or short of the young or crippled.

Although not probably a true specimen of either, they are far more on the order of the Kansas coyote than the northern or timber wolf. One hope is they

they have or will acquire a taste for groundhogs and leave the more tasty game and domestic animals to us.

**Reports of Panther**  
A third animal often heard of but seemingly never taken is the panther or wildcat.

Stories of people seeing these creatures up every so often but are usually accepted with a tongue-in-cheek attitude by most hunters and woodsmen. In recent weeks, however, there have been enough reports of persons seeing and hearing them to begin to sway the feelings of some.

Reliable reports of plaster casts of three-inch-size cat tracks have added strength to the belief that there may actually be some member of the cat family now in the area or at least passing through. Many feel that this is a natural follow-up to a good population of deer.

As a veteran of these panther reports, I am not nearly as afraid to go in the woods with the cat as I am with the bear.

All of the reports so far have been in Macoupin and a Clinton counties but, as a point of interest, I will report any future stories on it.

**State Announces Dates for Taking Of Ducks, Geese**  
A 40-day duck season, opening at sunrise Oct. 31, and closing at sunset Dec. 9, was announced today by William T. Lodge, director of the Illinois Conservation Department.

The daily bag limit of four ducks may not include more than two wood ducks, two mallards, two canvasbacks or two redheads or one of each.

The daily bag limit on geese is 10 and possession limit is 20. The limits on American, red-breasted and hooded mergansers in the aggregate of these species are five daily and 10 in possession, of which not more than one daily and two in possession may be hooded mergansers.

A 70-day split season was selected by the department for the taking of geese. The season for the taking of geese in all counties except Union, Jackson, Williamson and Alexander counties will be from sunrise Nov. 4 through sunset Dec. 9.

In the counties of Union, Jackson, Williamson and Alexander the season will begin at sunrise Nov. 16, be closed Dec. 24, 26 and reopen Dec. 27, extending through 3 p.m. Jan. 15, 1965. However, the season may be closed prior to Jan. 15 if the established harvest quota of 15,000 Canada geese is reached.

The daily bag and possession limit is five but may not include, in the alternative, more of the following species than two Canada geese or subspecies, two white-fronted, or one Canada goose or subspecies and one white-fronted goose.

## Trojans' Opener At Edwardsville Moved to MHS

A squad loaded with sophomores and inexperienced juniors is challenging the talents of a double-size coaching staff as football practice begins at Madison high school. The Trojans are preparing for their Sept. 18 opener with Edwardsville, which will be played at Madison, not at Edwardsville as originally scheduled.

Glen Pickering, head coach, announced the game was switched to Madison because the Edwardsville field, torn up by construction work, will not be ready by that time.

Lights at the school have been taken out and there was talk of switching the Madison game to the following Saturday morning. But the field, it turns out, won't be ready anyway.

The switch gives Madison five home games and only three away. Edwardsville will also play here next season, Pickering said. The second game of the season, Sept. 25, will also be at Madison against traditional rival Granite City.

"We'll be a little better," Pickering said of his 1964 crew, "but so will everybody else on our schedule."

**Three New Coaches**  
Back to help Pickering this season are longtime assistant coach Joe Asperger and freshman coach Bob Page. But three new coaches have been hired to double the staff and help.

They are Emmett Timmons, a Dunbar grade school teacher who stepped out late last season; Charles Steptoe, former Cairo Summer coach; and Cy Kemper, who coached at Jerseyville last year. Kemper will handle the sophomores, with Timmons and Steptoe aiding Page with the freshmen.

"With the additional coaches and a bunch of promising sophomores, things look pretty good for the future," Pickering said. About 50 boys are vying for varsity berths. That number includes 20 sophs, 20 juniors and 10 seniors. There are 40 freshmen and 10 sophomores.

Pickering has 11 returning lettermen with nine having graduated. Among the lettermen are all-Midwestern Conference quarterback Gary Skinner and tackle John Onstieff. Other starters who have departed are tackle Ted Nizinski, end John "Champ" Summers, and halfbacks Les White and Mike Konch.

**Five Starters Back**  
Among the returnees are four regular linemen in 1963, guard Jack Miller and tackle Mallet, center Bob Clinton and end Al Kendall. Back in the backfield will be hard-driving 200-pound fullback Paul Lusk, who averaged 3.8 yards in a whopping total of 108 carries as a sophomore last season.

Other lettermen are junior quarterback Tom Williams and seniors Frank Broyles, halfback; Mike Andrews, end; Ron Lelanski, tackle; Tom Miller, guard; and Dave Purkale, guard.

"Our line won't be too bad," Pickering said, indicating no letterman Art Neidhardt, 185-pound junior guard, had a good shot at joining the lettermen in the first-string line.

In the backfield, he looks to Williams at quarterback, Broyles at one half and Lusk at fullback but the other halfback slot is wide open with a good chance that a sophomore could step into the vacancy.

**List of Prospects**  
Other top prospects in the Trojan camp, Pickering said, include backs Steve Shipoff, Mary Owen, Ron Burt, Gary Nelson, John Brake, Sam Jones, Nat Orr, Bernard Phillips, Steve Thomas, Dale Turner, John Washenko and Lou Ratliff.

Among line prospects are Ernie Cobb, Stan Banaszak, Ben Bosworth, Steve Geroff, Jack Willman, Terry Rhoads, Steve Purkale, Ed Ingram, Dan Nowicki, Joe Podnar, Neil Podoba, Dale George and Don Deloney.

Early drills will emphasize conditioning. "We'll probably have city boys playing on the defense so they'll have to be in real good shape to hold up," the coach said.

In the Midwestern Conference race, Pickering picks Chokola to win with champion Roxana running a close second. Last season, Madison finished fourth with a 2-3 conference mark and was 2-6 overall.

## Jacobsmeyer's Defeats Bellemore 13-7 To Capture 35 & Over League Playoffs

Six runs in the first extra inning Monday night gave Jacobsmeyer's a 13-7 victory over regular season champion Bellemore Sporting Goods and the post-season playoffs title in 35 & Over League slow-pitch softball at Wilson Park.

The big eighth-inning outburst snapped a 7-7 tie. The Trojans scored on two errors, singles by Les Thompson, Stan Serwatka and Harry Taylor and John Allen's home run.

Allen also had two singles and a double in the game and Serwatka finished with a three-hit total. Oldie Jacobsmeyer was the winning pitcher.

For Bellemore, Gus Lignoul rapped a homer, double and single and Jerry Jackson had a single and two sacrifice flies.

In the semifinals, also held Monday, Bellemore downed the VFW 8-3 as Ed Hoff hit a triple and double and Gus Lignoul smacked a homer. Don Stueck had three hits for VFW.

Jacobsmeyer's semifinal win was 11-8 over Jiffy Car Wash. Serwatka had four hits in four

## Tourney Booked At Wilson Park

Play in the 32-team Granite City park district boys' baseball tournament, rained out last weekend, is scheduled Saturday and Sunday at Wilson Park.

First-round games in all four divisions—Atom, Bantam, Midget, Juvenile—will be played Saturday. Semifinals are scheduled for 1:30 p.m. Sunday and championship games at 4 p.m. that day.

Half the entered teams are from Granite City. Other teams represent Madison, Collinsville, Cahokia, Staunton in Illinois and Hazelwood, Delbroad, Overland, Creve Coeur and St. Louis in Missouri.

## Credit Union Ousted In Khoury Playoffs

All the Orioles' runs were unearned last night in an 11-5 victory over Granite City Steel. Credit Union in a Khoury Senior Division baseball semifinal in St. Louis.

The Credit Union outthrew the Orioles 9-7 but errors gave pitcher Steve Lelik his first loss of the season and ended the local team's season at 16 wins, two losses.

Hitting leaders for Credit Union were John "Champ" Summers, who had two safeties, and Nick Podoba, who drilled a two-run double in the last inning.

## KMB Notches Two Victories, Gains Tie With Spengler-Dawes for Classic Title

Kirchner-Madison Bowl won two Classic League softball games last night at Wilson Park and finished the regular season in a first-place deadlock with Spengler-Dawes. Both had 9-3 loop marks.

KMB knocked off Union Electric 12-5 and the Oilers 17-3, the latter in five innings. In another game, Granite City Steel Credit Union trounced the Oilers 9-1 and finished a second with an 8-4 record.

Bob Page and Bob Jones both had four-hit totals for the two KMB games, with Mark Brokaw and Rich Buer each getting two.

## Coaches Ask Park to Open Soccer Loop

A delegation of coaches from the YMCA boys' soccer program last night asked the Granite City Parks district board to start its own soccer program.

Andrew Gasparovic III, spokesman for the four-man delegation, said many coaches in the "Y" program want the park board to initiate soccer because the YMCA's outdoor facilities are limited.

"If the facilities are limited, the kids are limited," Gasparovic said. He cited the roominess of Wilson Park as a main reason for the request.

Gasparovic predicted that such a program under park sponsorship would grow to include 600 to 1000 boys within two years. The YMCA program, in operation three years, has 320 boys, he said.

At present, the "Y" has three age divisions — Atom, Bantam and Midget. The schedule has been played in the fall but this year, for the first time, a spring schedule was played with 16 teams.

The park board took no action on the request and decided to investigate the financial aspects of soccer. In addition, board president Harry Loman and commissioner Paul Schuler will request a meeting with YMCA officials on the matter.

Loman said such a meeting might promote understanding between the two agencies and prevent any possible friction or "competition" in soccer.

## Sportettes Downed By Jackson Lakers In Girls' Playoffs

State champion Alton defeated Venice 7-2 last night to win the playoff championship of the Girls' Twilight Softball League at Alton.

Six runs in the fifth inning led the title for the Jackson Lakers, who also won the regular-season crown while Venice's Sportettes finished second. A triple by Betty Onefrey sparked the big inning for Alton.

Venice scored twice in the second inning on doubles by Barbara Glastetter and Mickey Rayfield and Darlene Adhams' single. Glastetter and Rayfield both had two hits.

Alton had defeated Venice 5-3 in the opener of the best two-of-three series at Lee Park. The Sportettes outlived Alton 9-5 but walked hurt the Venice cause.

The Sportettes finished with a 25-6 league record and were 34-8 overall. Tom Chasch, 163, is the field manager, with Pop Meyer acting as business manager.

## 'Y' Summer Activities Close With Party

Members of the YMCA youth department and chalm course marked the close of the summer's activities with a pizza party and dance at noon yesterday at the "Y." The party was given by Mrs. Bonnie Fuller, Junior Tri-Hi-Y director, and David Walker, youth department head.

Thirty-five persons at the pizza party, prepared by the girls in the "Y" kitchen. Leslee Freedman baked a chocolate cake, while Sato and Jackie Odum, two members of the chalm course, sang and played guitars for dancing.

Fuller announced that because of many requests the chalm course will be repeated in the fall. A similar course for young men, stressing manners, social protocol, grooming, and a basic ballroom dancing, will also be initiated, she said.

## Boy's Eyeball Bruised When Hit With Stick

Gregory Brawley, 5, son of Venice Patrolman and Mrs. Ralph Brawley, 718 Brown street, is in good condition at Barnes Hospital where he was taken last night after a stick was poked in his left eye as he and a playmate were making a bow and arrows from tree branches. A specialist said the eyeball was bruised.

Another five-year-old, Tony Turner, son of Mr. and Mrs. Marion Turner, suffered partial amputation of two toes on his right foot when he caught the foot in a tractor. He was admitted to St. Elizabeth Hospital.

## Driver Arrested After Hitting Parked Auto

Benjamin F. Cook, 23, Seymour, Mo., was arrested by Madison police shortly before midnight Wednesday after his car struck and damaged a parked auto at Third street and Madison avenue. Cook was booked on a reckless driving charge and released after posting his driver's license as bond for appearance at a hearing in Madison court Sept. 9.

The parked car was owned by Byford Johnston, 31, of 719 Twenty-seventh street, and was parked on Madison avenue. Cook was headed north on Madison avenue. Cook's car was damaged extensively and had to be towed away, police said. Johnston's car was damaged on the left side.

## Hospitalized Here After Appendectomy In Mexico

Gene Bryant, 16, son of Mr. and Mrs. Maurio L. Bryant, 2416 Sheridan avenue, entered St. Elizabeth Hospital Tuesday for examination and insertion of a drain following emergency appendectomy performed Aug. 16 in Salamanca, Mexico. He played a trumpet in the student ensemble which toured Mexico beginning July 24.

The appendix had ruptured, and he was on the critical list for a time following the surgery, his mother told the Press-Record. A drain is not unusual in such circumstances but was not utilized during his stay in the Mexican hospital, she said. He arrived home in time to greet the remainder of the ensemble at Coolidge Junior high school Monday, and his condition today is good.

## City Buys Grader On Lowest Bid Figure of \$16,890

Purchase of a new road grader costing \$16,890 was approved Monday night by Granite City council members who also took under consideration a suggested change in the inspection section of the proposed city plumbing code. Other miscellaneous business was transacted.

The new grader, a Huber-Warco machine is being bought from O. B. Avery Co., St. Louis. The city is turning over to the company two old graders which broke down this summer and the bid allows for trade-in.

The four grader bids received ranged from the \$16,890 low figure to \$20,273, and purchase of the \$20,273 Caterpillar model with a \$1000 discount was recommended last week. However, council members rejected the recommendation of the Street committee and called for the low bid machine. The motion was made Monday night by Alderman Nann.

The Street committee had selected the \$20,273 grader, Chairman G. H. Sternberg pointed out, at the suggestion of the street superintendent, who later agreed the \$16,890 machine would be satisfactory.

### Plumbing Code Proposal

No action was taken by the council on Sternberg's suggestion for the city's proposed plumbing code inspection clause to be changed to limit the inspections to new plumbing work. The original clause would permit inspections anywhere at anytime as has been the law in Granite City since 1903. The proposed plumbing code, which also would license plumbing contractors, includes the same inspection clause as the 1903 law and which has been found objectionable by the council.

An amendment to the city zoning code was approved to permit Tri-City Tobacco Co. to use the old Kate street post office building. The structure had been in a residential zone, and on approval by the City Plan Commission a change to a business classification was approved. The city was informed the Plan Commission had approved a change for Martin Polette to permit a two-family dwelling at 2038 Oregon avenue. The property now is zoned for a single-family dwelling.

No damage estimate was available. A study is under way to determine the cause.

## Old GC Fire Truck Sold To University at Normal

Granite City's retired, 42-year-old fire truck was sold to Illinois State University at Normal for \$1 Monday night. The University Club plans to use it for publicity purposes and will leave Granite City's name on it.

The truck is to be equipped with a sound system to be used during parades and for campus activities.

The University Club had offered to pay as much as \$300 for the truck, but the council agreed to sell it for \$1 after being informed by City Atty. George Flood Jr. that a suggestion by Alderman Nann to give it to the

university could not be carried out legally.

The Museum of Transportation in St. Louis county and the Tri-City Shrine Club also had been seeking to buy the truck, and the sale to the university was opposed for that reason by Alderman Rutledge, Whitmer, Basanich, Sternberg and Thompson.

The old pumper has not been in use for several years, but can be put in running condition at little expense, firemen said. Several years ago, the city sold a similar truck to the Shriners for \$1.

### Excise Tax Deposits Due by Next Monday

Manufacturers, retailers and others liable for more than \$100 of excise taxes for July must place such taxes in a depository. They must use Form 537 for this purpose and make this deposit no later than Aug. 31, 1964. District Director Jay G. Philpot of the Internal Revenue Service at Springfield said today.

Deposit must be made in local authorized banks or at a Federal Reserve Bank.

More detailed information on this subject is available upon request from the Internal Revenue Service.

### Loud Party Complaint Results in 6 Arrests

Disorderly conduct charges were filed against six men and youths arrested about midnight Tuesday at 2256 Washington avenue, where police were summoned to quiet a loud party.

Arrested were William Seaggs, 20, of that address; Gary Greenman, 21, of 2907 August street; Allen Hill, 21, of 603 Jefferson street, Venice; Charles Weidner, 21, of 217 Weber street, Venice; William Cowley, 20, of 630 Lincoln avenue, Venice; and Greg Adams, 19, of 1916 Harris street, Madison.

### Quad-City Growth Predicted

## Community Leadership in Two-County Area Depends on Civic Initiative, Planner Says

The community which takes the initiative now will be the commercial-economic center for the growing Illinois metropolitan area of Madison and St. Clair county, it was predicted Monday night by Theodore Mikessell, executive director of the Southwestern Illinois Metropolitan Area Planning Commission.

He pointed out there is every indication there will be a population growth to 600,000 or more people in the two counties within the next decade and that the greatest housing developments will be to the north and east of the Quad-Cities near Homestead Lake in Madison county and south and east of East St. Louis in St. Clair county.

The predictions were made at a commission held a public hearing on its 1964 budget of \$54,420 which is to be submitted for adoption at a regular meeting Sept. 10, Monday night's meeting was at the commission office in the Collinsville water plant along old Route 40.

The commission's major project for development of a master plan for the two counties is expected to be completed by June 1965. It is to include community planning data, zoning codes, land usages, governmental structures, community facilities, transportation and economic and population studies.

### Two Assistants

Mikessell has two fulltime assistants, Gordon Olsen and Allen Berg, and the office also has a fulltime secretary and hires field personnel as needed.

The commission, which was fully organized in the fall of 1963, has been working on community development plans, including one for Wood River and another under way for O'Fallon. It also has prepared a public building needs study for St. Clair county, Mikessell reported.

During the meeting, he distributed copies of a recent memorandum prepared by the Illinois Board of Economic Development in which the Southwestern Illinois Commission is recommended to be the planning agency for the two-county area in Illinois and a suggestion is made for Missouri to form a similar agency. The proposal would by-pass the Missouri-Illinois Bi-State Development Agency as an overall coordinator for Illinois and Missouri planning in the metropolitan area.

Bi-State has offered to do the job in order to assure the compliance by the two-state area with a federal requirement for coordinated regional planning to qualify for federal highway funds.

### Controversy Has Developed as

Madison county Social Security card holders amounts to \$1,574,625 per month according to Ralph Brasher, district manager of the Social Security office, East St. Louis. Checks are mailed on the third of each month.

These benefit payments, he said, are exclusive of old-age assistance and relief payments made to persons through the county assistance program.

The insurance program issues disability checks to 1040 persons, pays old-age insurance to 11,414, issues checks to 2772 persons who have survivorship claims and pays \$514 persons entitled to benefits as wives or husbands of insured workers. In addition to the above benefits 3600 children are receiving payments each month on their parent's social security accounts.

One of the principal purposes of "Know Your Social Security Day" in the Quad-Cities is to locate persons who may have claims under the social security system but who are unaware that they may have money due them.

Stores in the Quad-City area will be supplied with informative booklets. Any questions not answered in the booklets to the satisfaction of the individual will be answered by a member of the staff on duty at the information booth located in the Quad-City area on "Know Your Social Security Day" on September 11.

Illinois communities have stated preference for local planning which could be coordinated by the Southwestern Illinois Commission. The state board provides that if two-state planning is needed that a metropolitan planning coordination committee be named by the governors of the two states.

### Budget Breakdown

The proposed \$54,420 budget includes \$30,615 for salaries along with \$385 for payroll taxes. A sum of \$3897 would be provided to buy furniture, air conditioning for the office and remodeling the office.

Operating costs of \$13,702 would include \$2267 for leasing

equipment and furniture, \$1950 for stationery and postage, \$804 for commission travel, \$804 for commission meeting expense, \$600 for rent, \$1020 for conference expense, \$100 for membership dues, \$150 for electricity, \$860 for telephone service, \$240 for advertising, \$180 for insurance, \$360 for janitorial services, \$260 for maintenance contracts, \$360 for books and periodicals and \$2000 for miscellaneous expenses.

A cash balance of \$5620 is expected at the close of the year. The commission had a \$35,820 balance on Jan. 1, and a federal planning assistance grant of \$18,600 is anticipated.

### Motorist in Collision

#### Faces DWI Charge

A charge of driving while intoxicated was placed against William Cumminsky, 67, of 2919 Iowa street, following a two-vehicle crash on Madison avenue at 29th street about 10 p.m. Wednesday.

Police said Cumminsky was traveling north and struck the rear of the auto of Gerald K. Randolph, 17, of 65 Oakland terrace, who was stopped for oncoming traffic and preparing to make a left turn.

### Drive-In Claim Center

State Farm Mutual Automobile Insurance Co. will open its Fairview Service Center Monday at Route 50 and Pleasant street, Caseyville, to serve the Quad-Cities and surrounding area. Featuring one-stop claim handling for the public and 25,000 State Farm-insured persons within a 20-minute driving radius, the unique 35-employee center includes two drive-in all-weather stalls manned by estimators to figure costs to repair drivable damaged cars.

## County Security Benefits Total \$1,574,625 Monthly

## Expansion Is Requested For Cahokia Mounds Park

Expansion of Cahokia Mounds State Park to embrace and preserve "the most important site in United States archaeology" is imperative if prehistoric cultures are to be saved from "population explosion, industrial growth, urban sprawl and super highways," according to Melvin L. Fowler, Southern Illinois University archaeologist.

Fowler, who has directed the salvage work of the Illinois Archaeological Survey in that region during the past four years, is one of a group of 10 midwest scientists who have petitioned the State Department of Conservation to institute a development program at the park.

In addition, he has taken steps to enlist the backing of the National Park Service, the American Anthropological Association and other agencies for the program by undertaking to make it a notable tourist attraction, with an enlarged museum, reconstruction of some of the thatched temples that once stood on the pyramidal mounds, and the assignment of a permanent archaeologist to direct a continuing plan of excavation.

More than 16 million cars annually travel Highway 70 which passes along the north boundary of the present park, Fowler said, and development of the park would greatly increase its value in the state's tourism program.

### Four Charges Filed

#### Against Two GC Men

Four charges were placed against two men arrested about 11:15 p.m. Wednesday at the Evergreen tavern on Nameoki road.

Jerry Hall, 23, of 3125 Willow avenue, who was charged with using profane language and refusing to obey an officer, was released on \$50 bail for a hearing Sept. 12; and Herschel Hicks, 21, of 2310 Missouri avenue, who was charged with creating a disturbance and resisting arrest, was freed on \$225 bail for a hearing Sept. 28.

### Vandals Damage Home

Vandals shot BB holes in three windows on the north side of his home. It was reported to police last night by John Pistan, 2937 Madison avenue. The vandalism occurred between 6 p.m. Tuesday and 5:30 p.m. Wednesday, the home owner said.

blue jeans and sneakers, crawled through a basement window. Kleehammer fired a shot at the burglar, but missed. Mr. and Mrs. Kleehammer told officers they did not believe anything had been taken.

At 9:35 p.m., only five minutes after receiving the call to the King residence, police received a call that a prowler was seen at 1109 Twenty-fourth street. Officers reported they were unable to locate anyone at the scene.

Half an hour later, officers were called to 2448 Adams street where the occupants reported someone was trying to break into the house. Police said a screen had been removed but

the intruders had disappeared. At 10:40 p.m. another prowler call came from the 2500 block of Adams street, and five minutes later police headquarters dispatched two squad cars to 2620 Adams street, on the third consecutive prowler report in the three block area.

Ten minutes later all available cars were rushed to the Wilson Park area where prowler calls had been received from 2857 Cleveland blvd. and 2630 Delmar avenue, but police reported they were unable to find anyone in the vicinity.

A similar report was received from 117 Briarcliff drive at 11:42 p.m., and at 12:30 a.m. Tuesday

police were summoned to 2212 Benton avenue, only a block from the King residence. In answer to a report that someone was trying to force open a rear door. Police said the intruder had fled when they arrived.

Police checked the area around the 2100 block of Dewey avenue at 12:35 a.m. after receiving a report of a "shot and someone screaming." Police said they were unable to locate anyone.

**More Break-In Attempts**  
Alert residents notified police about 12:25 a.m. Wednesday of hearing noises at Wilson school in Glenview. Officers found pry marks on two doors where intruders were made to gain en-

trance, but they were unable to locate the culprits.

Betty Carlton, 2332 Bryan avenue, called police at 12:53 a.m. and reported she had heard a noise on her rear porch and discovered that two holes had been cut in the screen door.

Mrs. Helen Carmody, 2460 Iowa street, reported about noon Tuesday that a hole had been cut in the rear screen door at her home and \$8 had been stolen from a wallet in the kitchen.

Clarence DeGonia, 2228 Delmar avenue, told police Tuesday morning that a screen had been cut and removed from the north side of his home, and police were summoned at 8:55 p.m.

# GC Council Favors Neighborhood Projects Over Major Thoroughfares for MFT Funds

Round-robin debates on motor fuel tax expenditures—neighborhood streets vs. major thoroughfares—ended Monday night's Granite City council session.

Neighborhood streets won out in the MFT debate, and council members voted to proceed with five new sidewalk installations—most of them in the vicinity of schools.

A recommendation to build a motor fuel tax fund reserve to prepare for the eventual paving of Johnson road fell by the wayside as council members put through motions to call for bids to spend the dwindling MFT funds for improving several blocks of Nevada avenue and West 23rd street and for resurfacing the 2600 blocks of Delmar and Edison avenues.

The new sidewalks are to be installed along Missouri avenue and West 25th street and along Ohio avenue at Logan school, on Garfield avenue in the vicinity of St. Elizabeth school, in the 3000 block of Iowa street and along St. Clair avenue from the drainage ditch to Dale avenue.

It was noted that the sidewalks were listed in the new budget.

**\$84,823 MFT Reserve**

G. H. Sternberg, chairman of the Street committee, told council members that with MFT pro-

jects under construction, there was a balance of \$94,828 in the fund at the end of July, including the \$23,439 allocation for that month.

He pointed out the Nevada avenue-West 23rd street project would cost \$110,000, and that the city has plans for nearly a million dollars worth of MFT projects in the making with no means to carry them out.

"We're spending it all on neighborhood projects and leaving nothing for major street improvements and upkeep."

His suggestion was attacked immediately by Alderman Nomm, who said the improvement would be needed to serve traffic for the new riverfront roadway and that residents along the two streets had waded through mud too many years.

Mayor Davis attempted to halt the debate saying "if we go through all pet projects, we'll be here all night." However, he permitted the aldermen to continue.

**Priority List Quoted**

Steve Basarich, who is Nomm's companion Fifth Ward alderman, pointed out the Nevada-West 23rd street project is next in line on the MFT priority list, and Mrs. Bettine, who is a Seventh Ward alderman with Sternberg, added that the Street committee chairman was new to the job and the MFT priority list also was new, and did not include any work in the Seventh Ward.

Alderman Ford Johnson said he would like to get Johnson road, the third most heavily traveled street in the city, improved. Whitmer called for MFT funds to be used to save com-

## Atty. Gen. Clark Rules on Teacher Leave Payments

Two opinions concerning teacher status and another on voting procedure were given this week in Springfield by Atty. Gen. William G. Clark.

When a teacher has been granted a sabbatical leave, the school board granting the leave must pay the required contribution to the Teachers' Retirement System, Clark has held.

If a teacher granted a general leave of absence, Clark's opinion advised Aubrey J. Holmes, executive secretary of the Teachers' Retirement System, the contribution to the Teachers' Retirement System must be paid by the person granted the general leave of absence.

A teacher has a full year of 12 months from the date he began teaching in Illinois schools to establish service credit for prior out-of-state teaching, Clark ruled.

The votes of persons qualified to vote only for presidential and vice-presidential elections in Illinois should not be counted in computing whether a constitutional amendment has been adopted, Atty. Gen. Clark has held.

Such voters, Clark's opinion advised Secretary of State William H. Chamberlain, are not qualified voters under the Illinois Constitution.

A witness who gives testimony in a deposition during a civil suit, later admits its falsity and then testifies to the truth, is not subject to prosecution for perjury, according to an opinion given to State's Atty. Robert J. Waaler of Champaign county.

The driver of an ambulance must obtain a chauffeur's license, Atty. Gen. Clark advised State Atty. Bruce Irving of Pike county.

## J. W. Wilson, 54, Biltmore Manager Dies Suddenly

John Wesley Wilson sr., 54, 2327 Lynch avenue, general manager of the Biltmore Moving and Storage Co., 2700 Washington avenue, was pronounced dead on arrival at St. Elizabeth Hospital 4 p.m. Tuesday of a heart attack.

Mr. Wilson suffered the attack at 3:40 p.m. while at home. He was then taken to the hospital. After an inquiry Deputy Coroner John Sedlack ruled that death was the result of a coronary occlusion (heart attack).

Earlier Tuesday afternoon, Mr. Wilson had driven to St. Louis to visit Granite City Police Chief Raymond Willard, who is a patient at Jewish Hospital. Unable to find parking space, he returned to his office for a short time before leaving for home.

At home he went into the bedroom to look in on his wife, who is ill with a virus. He was sitting at her bedside when he was stricken.

Native of Sikeston, Mo., born in Sikeston, Mo., he moved to Granite City eight years ago from St. Louis. He has been associated with the Biltmore Co. for 20 years, the first 12 with the St. Louis office. He was named general manager of the local office when transferred here.

He held memberships in the First Baptist Church, Elks Lodge 1058, Noonday Optimists, Moose Lodge 272, Tri-Cities Chamber of Commerce, Associated Retirees and the board of directors of the Illinois Commerce Commission. He was also a deputy sheriff for Madison county.

He is survived by his wife, Gladys, a son, Sgt. John W. Wilson Jr. of St. Shafter, Honolulu; two daughters, Mrs. Edward (Connie) Lambing of St. Louis and Mrs. Richard (Betty Joyce) Laur of Flint, Mich.; three sisters, Mrs. Michael (Proctor) Moore of St. Louis, Mrs. R. L. (Mae) Gilbert of Memphis, Tenn., and Mrs. Weldon (Alice) Shanks of Carlsbad, N. M.; and seven grandchildren.

Arrangements are given in today's obituary column.

**Sailor Padgett Returns To Pearl Harbor**

Padgett, seaman apprentice, USN, son of Mr. and Mrs. Leo H. Padgett of 3164 Carlson avenue, recently returned to Pearl Harbor, Hawaii aboard the frigate USS J. S. McCain, completing a tour of duty with the Seventh Fleet in the Far East.

Padgett visited ports in Japan, the Philippines and Hong Kong.

## 80 New Faculty Members In GC School System

Teachers new to the Granite City school district this term number about 80, it was announced this week.

The new faculty members were honored at a breakfast this morning at Granite City high school, led by Supt. Russell D. Johnson. They then met with GCHS Principal Lawrence McCauley and Earl Lee, administrative assistant for personnel and elementary instruction, for explanations of the instructional program. The new teachers met with principals at the various schools this afternoon.

Supt. Johnson conferred with principals and other administrators Tuesday and yesterday and will meet with all faculty members tomorrow preparatory to the start of classes Monday.

The school board Tuesday night hired Mrs. June Mills, Collinsville, for the business education faculty at GCHS. She holds a bachelor degree from Ball State Teachers College and has a year of teaching experience.

**Junior High Staff**  
Newly added to the teaching staff at the junior high school level were Bill Pyle, Zeigler, Ill., master degree from Southern Illinois University and three years of experience; Coolidge physical education and coaching; and Miss Martha Sue Brown, East St. Louis, 1964 bachelor degree from SIU, Prather mathematics, English and social studies.

The board hired as elementary teachers Mrs. Elizabeth Jean Hudak, SIU bachelor degree and four years, Frohardt fifth grade; Mrs. Anna W. McIntyre, Coulterville, Ill., McKendree College bachelor degree and 12 years (including eight years on the Granite City faculty), also for Frohardt fifth grade; Mrs. Janet I. Krause, Murphysboro, SIU bachelor degree and one year, Mitchell school staff; Mrs. Jeanie R. Lawrence, Kansas City, Mo., bachelor degree and 12 years of teaching; Marshall third grade; and William R. Brooks, Alton, 1964 SIU bachelor degree, Webster fifth grade. The board accorded regular status to three who had been listed in previous years as temporary teachers—Mrs. Rose Wright, 4901 Lake drive, Maryville fifth grade; Mrs. Arline Fox, 2647 State street, Maryville second grade; and Mrs. Katherine Richardson, 2333 Gary avenue, Nantooki grade. All now have degrees, and Supt. Johnson said there is no authorized designation of "temporary"; all are either regular or substitute teachers, he commented.

**Retain Non-Degree Teachers**  
Three others who had been on the temporary list were employed for 1964-65 as certificated but non-degree teachers. All are working toward degrees. They are Mrs. Laura Feltner, 3715 Ruth drive, Logan first grade; Mrs. Evelyn Morris, No. 1 Terrace lane, Washington fourth grade; and Mrs. Georgia Engelke, Rural Route One, Washington kindergarten.

While it is a policy not to hire new non-degree teachers, it was noted that all of the group have been employed regularly on the Granite City faculty and some have acquired tenure.

Resignation of Miss Patricia Pisel, 4281 East Lake drive, as a secretary in the main administrative office was accepted, effective Sept. 1. She plans to attend college.

A leave of absence was granted Mrs. Marlene Forbes, 1704 Primrose avenue, Frohardt fifth grade teacher, for the 1964-65 school year. Action was deferred on a leave request from Miss Diane Noffelt, 2948 Grand avenue, Marshall third grade instructor, pending further information.

**\$2100 For Psychologists**  
The school board approved participation in 1964-65 Madison county school psychological services, which have a budget of \$34,250, up from last year's \$29,875, when a third psychologist was on duty only part of the year. The state will provide \$15,000, with \$19,250 of the cost divided among participating school districts.

Granite City will pay the largest amount, about \$2100, because its enrollment tops the next largest by 1000; the psychologists will divide their time among the districts on an enrollment ratio. The service is required in connection with special education.

The board voted to approve a contract with the McDonnell Automation Center, St. Louis county, to automate student record keeping and grade reporting at Granite City high school. Estimated cost for 1964-65 is \$6700.

Supt. Johnson said 2880 pupils took part in the expanded summer school, class attendance hours totaling 247,418. With \$51,453 revenue and \$67,131 potential expenses, teachers were paid at 76% of the regular salary schedule to avoid a deficit, which would have been contrary to law. Fixed pay rather than a percentage of the schedule is planned next summer.

You'll never find money growing on trees unless some grafting has been going on.

### RECEPTION AND SHOWER HONOR FORMER MISS COX

A reception and wedding shower was held Sunday afternoon at the Rose Bowl honoring Mrs. John Meszaros, the former Miss Diane Cox. Mrs. Victor Reznack was hostess to approximately 60 guests, and served a buffet luncheon.

Tables were arranged to form a "U" and a large three-tier wedding cake was placed in the center of the main table with lighted candelabra on either side.

The gift table was decorated with a white net skirt. A four-foot wishing well made of pink satin and net served as the centerpiece.

terpiece. Background for the wishing well consisted of rose trees and a white urn of lemon leaf.

The guests table were done in white and the centerpieces were arrangements of roses, ferns and lilies of the valley complemented with white lace fans. All decorations were made and arranged by Mrs. Mary Bero.

The former Miss Cox is a daughter of Mr. and Mrs. Clarence Cox of Walter Avenue, and John Meszaros is the son of Mr. and Mrs. Victor Reznack, 1524 Clark Avenue. The newlyweds were married July 22 and are residing in Granite City.

Mrs. Mary Geisler and son, John, of Joliet, Ill., former local residents, returned to their home Monday after spending five days visiting friends and relatives here. They were the "house

guests of her brother and sister-in-law, Mr. and Mrs. Joseph Geisler, 2158 State street, and her mother, Mrs. Katherine Geisler of the Anchorage apartments.

Paul R. O'Master, son of Mr. and Mrs. Paul O'Master, 2569 Stratford Lane, has just been promoted to airman third-class. He is presently stationed at the Air Force base in Amarillo, Tex., and will stay there for the remainder of his six-month enlistment. He is expected to be at Scott Air Force Base, Belleville, Ill., in October.

**OVERNIGHT GUESTS AT MÜNSTERMAN RESIDENCE**  
Mr. and Mrs. Adam Münsterman, 2831 Nameoki road, entertained overnight guests Tuesday evening Mr. and Mrs. Glen Black and children, Ronald, Karen, Janet and Glenda, of Streator, Ill., who were returning home following a tour of the western states.

Black is a nephew of Mrs. Münsterman.

**MRS. ORSEY ENTERTAINS CLUB WITH LUNCHEON**  
Mrs. Andrew Orsey, 3400 Terrace Lane, entertained her card club Tuesday afternoon in her home. A light luncheon was served by the hostess, followed by films on her recent trip through the lake country of Missouri.

Later in the afternoon, cards were played and prizes were awarded to Mrs. Elmer Schmidt and Mrs. George Popovsky.

Mrs. Orsey used an autumn theme in her decorations, with yellow and brown as the predominant colors. The centerpiece was an arrangement of fresh yellow mums in a silver container, with yellow candles in silver candelabra on either side.

Guests included Mesdames Jacob, Fabrik, Adelbert Ambuhl, William Bag and the prize winners. Mrs. Bag invited the members to meet in her home, 3115 Harvard, for their next meeting Sept. 2.

**Plan Semi-Annual Meet**  
The Venice township board held its August meeting Tuesday night, approving monthly bills, and made plans for its

## Mexico Officials

(Continued from Page 1.)

extended their best efforts in the area of world understanding. "People of Granite City share the honor paid to these students, due to the contributions that they have made to the area of friendship between our countries. "The Mexican government has not sponsored a trip such as this before. It has pioneered in offering to its people a cultural effort enacted by friendly students of the U. S. to the Mexican people.

"My congratulations and heartfelt thanks are extended to every student, parent, chaperone and child who gave so completely and unselfishly of their energy and time in the successful culmination of a gigantic effort.

**Increased Understanding**  
"Representatives of the people of Granite City, through the work of the ensemble, have etched a musical message across the country of Mexico and in the minds of the people that will bear a harvest of increased understanding. "Today's conclusion.

Letters have begun arriving from Mexican officials, who said they had expected to hear "just another band." The audiences, they recalled, responded enthusiastically once the music began, and were honored by the ensemble's devotion to authentic Mexican music.

While no commercialism was permitted, admission was charged to some of the concerts to raise funds for such charities as orphanages.

The ensemble was featured prominently in Mexican newspapers, which rated the performances as approaching or equaling those of professional musicians in quality.

The 38 on the tour included 22 Granite City high school and 16 Coolidge Junior high school students. Sponsor was the Mexican Department of Education.

Semi-annual meeting at 7:30 p.m. Sept. 1, at which time first-half receipts and expenditures will be reviewed.

Lewis Carroll is the pseudonym of the Rev. Charles Lutwidge Dodgson, author of Alice in Wonderland.

# Louis Ropac, 76, Dies After 12-Year Illness

Louis (Roberts) Ropac, 76, of 1400a Madison avenue, Madison, died at 6:45 a.m. Tuesday at the Madison county sanatorium, Edwardsville, of a heart condition. He had been at the sanatorium 12 years.

A native of Yugoslavia, he had moved to Madison about 37 years ago. He was a retired chipper at General Steel Industries. He is survived by a brother, Plo Ropac of Toronto, Ontario, and a cousin, Matt Miklich of St. Louis.

Services were held this morn-

# Potato is Hurlled— Breaks Church Window

A stained glass window at the First Nazarene Church was broken Tuesday night by a potato-hurling vandal. It was reported to police by Rev. George Reader.

The pastor said several other windows in the church and the recreation building had been broken in the past few weeks.

An obituary notice appears elsewhere in today's issue.

# GC Student Leaders Attend Workshop

Three members of the Granite City high school student council returned this week from a three-day summer workshop on student leadership held on the University of Illinois campus and sponsored by the Illinois Association of Student Councils.

Attending were Tom Miosky, student council president, Ricky Turner, first vice-president, and Debbie Bush, second vice-president. Jack Dyer, English teacher at the high school, accompanied the young people.

# Smith-Douglass Borden Merger

The Smith-Douglass Co., which has a fertilizer plant east of Stalling has agreed to merge with the Borden Co., the nation's second largest dairy firm, it was announced today by J. D. Bergfield, branch manager.

The merger is dependent on Smith-Douglass stockholders approval of the agreement. Bergfield, who is a Third Ward alderman and part-time manager at the plant, said no changes in

the local operation are contemplated.

The local plant, which employs 27 people, manufacturers Smilow, a natural organic nitrogen, from scrap leather. Smith-Douglass has a similar plant at Norfolk, Va. The firm's sales offices are at Stateville and Washington, N. C.

W. R. Ashburn, Smith-Douglass president, said Smith-Douglass would continue under its present management, retaining its name and organization and would become a division of Borden Chemical Co.

Borden had net sales of \$1.1 billion last year, while Smith-

# St. Louis Man Arrested

Lawrence Langeneckert Jr., 21, St. Louis, was arrested by Venice police at 9:50 p.m. on a charge of careless driving. Langeneckert was arrested at Klein street and Broadway. He posted cash bond pending hearing in magistrate's court at 10 a.m. Sept. 14.

Douglass' net sales were \$64.5 million.

Smith-Douglass was founded in 1920 in Norfolk and has 16 plants in nine states including mixed fertilizer plants, nitrogen facilities and phosphate mining operations.

# Girl, 17, Strabbed; Assailant Arrested

Mae Emma Mason, 18, of 303 Weaver street, Venice, was freed on bond today pending a hearing Sept. 14 on a charge of assault with a deadly weapon. Police Chief Frank DeWitt said the woman admitted stabbing Shad Wright Homes, shortly after 1 a.m. Tuesday.

Miss Williams was taken to St. Elizabeth Hospital where she was treated for a knife wound in the left thigh. She was released from the hospital after treatment.

Police said the fight in which charge against Miss Williams.

# Walter Williams Is Hospitalized

Walter Williams, 2641 Adams street, entered St. Elizabeth Hospital Tuesday evening to undergo tests and treatment for a stomach disorder. His condition was reported as good today.

He is a retired Granite City Steel Co. electrician.

### SPAGHETTI SUPPER FOR CANASTA CLUB

Chatter Canasta club members met in the home of Mrs. Deloyce Rhoads, 1339 Market street, Tuesday evening for their monthly meeting.

A spaghetti supper was served by the hostess to Mrs. Annie Laura Platt, Mrs. Billie Bosworth, Mrs. Mattie Bosworth, Mrs. Rae Miller, Mrs. Bernice Gushoff, Mrs. Sally Bosworth, Mrs. Merle Gnoth and Mrs. Sandra Pumphrey.

Canasta filled the evening with Mrs. Gushoff being high scorer and Mrs. Pumphrey low scorer. Mrs. Gnoth will be the hostess in her home, 1631 Third street, Sept. 22.

Cub Scout Den Two, of Pack 90 met Tuesday in the home of the den mother, Mrs. Bernice Weidner. The boys submitted essays on "Why I Love America," and she read each one for the opening of the meeting.

Plans for the next pack meeting was discussed. The boys discussed a scouting book. Den Chief Steve Skokko, who had re-

cently returned from Boy Scout camp, showed the cubs scout tricks he had learned. Those taking part were Chris Skokko, Billy Weidner, Russell Robinson, Frank Denner, Jerry Dravich, Robert Richert, Richard Shrum and Raymond Stewart. The meeting was closed with singing.

### PRE-WEDDING SUPPER

Miss Mary Mossa entertained the bridal party of Miss Charlotte Stenitzer with a get-acquainted gathering on the lawn of the home of Mr. and Mrs. Al Mossa, 1535 Sixth street, Sunday afternoon and evening. Miss Stenitzer is to become the bride of Milton Thomas Sept. 5 at St. Mary's Catholic Church in Madison.

A buffet supper was served to the bride-to-be, the prospective groom, Miss Mossa, who is to be the maid of honor, the prospective bride-maidens, Miss Susan Kaman, Miss Marquette Cross and Mrs. Josephine Allen, Paul Costello, who is to be best man, prospective groomsmen, Dan Dettie, Jerry Goshoff and John Allen, and the flower girls, Betty Ann Allen, Mary Ann Chatter and Sandra Pumphrey. Joyee and Alene Mossa, daughters of Mr. and Mrs. Al Mossa, also were present.

### DELROY REBEKAH OBLIGATION NIGHT

"Obligation Night" was observed Tuesday evening by members of Delroy 786 Rebekah members as they met at the Old Fellows hall.

Mrs. Lucille Veach, noble grand, presided over a short business meeting, at which time reports were made on projects. A chicken and dumpling dinner will be served at the hall Oct. 10 by the members.

Officers formed a circle around the altar and read a short poem, with the members forming a circle and the obligation being taken by all, led by Mrs. Edna Foster. "Back to lodge night" will be observed at the meeting of Sept. 8, and initiation of two members will be held during the meeting of Sept. 22.

Refreshments were served by a committee consisting of Mrs. Louise Ebersold, Mrs. Eva Clemens, Mrs. Naomi James and Mrs. Erma Graves. A white elephant auction was held, with Mrs. Ruby Wood as auctioneer.

### Mr. and Mrs. Tony Eck Are Parents of Son

**GRANITE CITY PRESS-RECORD**  
AUGUST 27, 1914  
Tri-City residents who have taken advantage of the numerous river excursions and who have reason to remember the steamer Majestic, one of the finest river boats putting in at the St. Louis and Venice docks, will learn with regret that the steamer, which struck an obstruction and sank in deep water near the Granite City water works — will not be raised.

A settlement has been effected between the owners of the boat and the insurance company, whereby the owners receive \$21,000 cash and are permitted to recover the salvage of the boat. The Majestic was valued at \$40,000, and the owners are said to have rejected an offer of \$36,000 for the boat just before it started its fatal trip.

The boat sank when a dike was struck at Chain of Rocks June 21. The steamer had taken an excursion out of Alton. It had landed nearly 100 passengers and was proceeding down the river to the Ohio River when the wreck occurred. The boat was filled with sand and lying against the obstruction which caused her to go down. The raising would be more than three times as expensive as in any ordinary case.

That Granite City possesses hundreds of thousands of dollars' worth of undeveloped land, the Cardinal supporters who were in the New York and St. Louis offices of the National League clashed in a doubleheader. Hundreds of local boys went to St. Louis to attend the game, and hundreds of

to low-cost homes and will not allow the present FHA program of financing higher-cost homes on a basis of a 10% minimum down payment, and a 4% mortgage, plus a one-half per cent insurance premium.

Business under the new plan will be required to pay off the loan in 15 years, whereas under the regular FHA program, loans state fair. More than 1000 babies competed in the event this year.

Mrs. James Lipchik was given one of the delightful of recent parties when she surprised Saturday evening at her home, 2101 Hodges avenue, it being her birthday. A group of friends spent the evening at the party, and a late lunch was served.

Mrs. Eberhardt, Mrs. Zimmerman and Mr. and Mrs. Lester Salem, all of Venice, have returned from a few days' visit at Bourbon, Mo.

A number of local men enjoyed a cruise party Saturday night beyond Grafton on a 50-foot cruiser, the Arcopus. Those in the party were Leonard Roush, Fred Coase, Al Coase, Walter Young, Leonard Anderson and Owen Davis, all of Granite City. George Stratton Jr., of Wood River, Reeves Music of Venice and Lawrence Music of East St. Louis.

Approximately 30 Veterans of Foreign Wars and their wives were in Highland Sunday. The men took part in the parade, ceremonies and a parade, headed by their commander, O. R. Abel.

Mr. and Mrs. Martin Polette, Mr. and Mrs. Elmer Bourisaw and Annalyn Polette, of the family reunion at the home of Bernard Tyson in Missouri.

The Federal Housing Administration has announced a plan for financing construction of small homes which will require the purchaser to make only a 5% down payment on a house costing no more than \$2500. The FHA does not lend the money itself, but insures construction loans made by private institutions.

The new plan will be limited to

predicted that if I lived to 70 I would witness the break in our two-party system through concentration of power in the president and cabinet. I have not missed my prediction but it is near at hand.

A new party is inevitable, I hope it will be the party of the people who support the government through their tax money.

It is the people who pay the taxes who need to fight for equal rights. Those who bear little or none of the tax load want to rule the entire country.

## Engineer Says Present Signs, Maps Adequate

Comments by District Highway Engineer William S. Krause, this time to State Senator Paul Simon, further clarify Krause's opposition to additional Interstate highway signs in this area. Earlier, he reported his rejection of the proposal to local mayors.

The engineer enclosed his original letter and told Simon it explains "the policy regarding signing on the Interstate relating to directional signs for adjacent cities. I am sure you will appreciate the problem involved in limiting the number of signs on our highways. In the past, our local highways have been saturated with signs of various types. We hope the policy set forth in our signing manual will help to eliminate this situation and make a sign more meaningful to the traveling public."

"Our Interstate signing is being held to required federal standards in order to assure a signing system which will give the traveling public maximum effective information with a limited number of signs."

"State parks such as Cahokia Mounds are included in Interstate signing. As you know, this park is a nationwide historical site and warrants identification on the Interstate system. Historical sites of lesser interest are well identified on state maps. The traveling public interested in these particular sites, with the use of a map, will have very little difficulty in finding them."

"The Lewis and Clark Park is marked by a sign on Route Three erected by the park division and is very clearly marked on the Illinois state map. To direct the motoring public from the Interstate to this location would involve considerable additional signing and possibly lead to the same type of request for other lesser historical sites."

"I realize the city-minded people in this area are interested in their municipalities but I am sure existing signing is adequate to direct travelers who are interested, with the use of a map, to the localities mentioned."

## GC Accepts Grant For Construction Of Sewer Plant

A resolution authorizing Mayor Davis to accept the \$494,610 federal grant for construction of Granite City's sewage treatment plant was approved Monday night by the council.

The federal government requested a minor change in construction plans and called for clarification of trucking needs set forth in the specifications. Project engineer Edward Jung of the Federal Highway Administration and Schwab is being advised of the construction change needed to permit competitive bidding on brick for the filter building. He also is outlining the city's need for two trucks to haul filter cakes from the treatment plant to the city dump. It was reported by Alderman Moerlein, chairman of the Special Pollution committee.

The federal government cut the city's original request by nearly \$20,000, and the grant would be modified further if the project costs more or less than the \$1,322,000 estimate. It is to be paid to the city based on construction progress. Inspections and the grant is not to exceed 30% of the total cost.

**\$25,000 for Trucks**  
The trucks are estimated to cost \$25,000 and are included in the \$157,000 set up for contingencies. Other costs are estimated at \$125,400 for engineering, \$45,600 for legal and administrative fees.

In other action, the council authorized return of a deposit check of \$12,000 to the Chicago bond firm of Nongard, Showers & Murray, which had proposed to buy the city's estimated \$1,200,000 revenue bond issue for the treatment plant.

The council rejected the firm's proposal in favor of seeking bids for the sale of the bonds.

No action was taken on a complaint by Guarantee Electric Co., St. Louis, concerning a \$25 deposit required for electrical specifications for the treatment plant. The council does not refund the deposit, and noted that such a policy was adopted several years ago.

## New '84' Lumber Yard Grand Opening Today

The 84 Lumber Co. has completed its new lumber yard quarters on Route 111 at Route 38, Horseshoe Lake, and is holding an all-day grand opening celebration today. William Benson, manager of the new yard, said the public is invited to attend the event which will feature free gifts for children and prizes for adults.

Officers of the company, Joseph and Robert Hardy, point out that one price prevails on all products regardless of the size of the order. Contractors, builders, home owners and "do-it-yourselfers" buy at the same price.

The new location, one of 17 installed since the first 84 Lumber Co. yard was built in 1957, has 3984 items in its inventory.

**Daughter Born To Mr. And Mrs. Glenn A. Huber**

Mr. and Mrs. Glenn A. Huber, 1708 Moro avenue, are announcing the birth of their first child, a daughter, Tuesday at Christian Welfare Hospital, East St. Louis. The baby weighed nine pounds, seven ounces and has been named Ruth Ann.

Mrs. Huber is the former Sara Roberts, a daughter of Mr. and Mrs. J. Roy Roberts, 2241 Monroe street. The paternal grandparents are Mr. and Mrs. Homer Huber, 4121 Maryville road.

system and is stocked to supply everything needed for remodeling, repairing or building at wholesale prices. The lumber yard will be open on weekdays from 8 a.m. until 9 p.m. and will be open all-day on Saturdays.

During the grand opening today, manufacturers' representatives of 49 nationally advertised products carried by the 84 Lumber Co. will be on hand to demonstrate their products and answer questions.

Benson said the lumber company is named for its first outlet in Eighty Four, Pa., and related some of the popular stories about how the town was named. One of them claims that at the outbreak of the Revolutionary War, 84 men volunteered from the town, another that George Washington, a young surveyor,

made a measurement from the general store and found the saloon to be 84 degrees east and the stable 84 degrees west of the store. There are other stories, Benson said, but the only authenticated fact is the town received its name and post office in 1884.

# School Time Listings For Monday, Tuesday

Starting and closing times Monday and Tuesday for Granite City, Madison and Venice public schools were announced today. Special half-day sessions will be held in all schools Monday, while the regular schedule will be in effect starting Tuesday.

For Granite City schools, five time schedules will be used as bus runs are being staggered in an economy measure.

Granite City high school and Coolidge and Prather junior high schools will begin Monday at 8:05 a.m. and dismiss at 1 p.m. The regular schedule which will commence Tuesday will be 8:05 a.m. to 3:15 p.m.

Central junior high school also will start at 8:05 a.m. Monday, but will end classes at 12:45 p.m. Beginning Tuesday classes will start 8:05 a.m. and dismiss at 3 p.m.

## Grade School Starting Times

An 8:45 a.m. to noon schedule will be followed by Frohardt, Lake, Logan, Maryville and Nuneoki grade schools on opening day. Regular times will be 8:45 a.m. to 3 p.m.

Starting at 9 a.m. Monday and dismissing at 12:30 p.m. will be Emerson, McKinley, Marshall, Niedringhaus, Washington, Webster and Wilson elementary schools. Their schedule beginning Tuesday will be 9 a.m. to 3:25 p.m.

The other two grade schools, Mitchell and Stallings, will begin opening day classes at 9:30 a.m. and close at 12:30 p.m. Regular times will be 9:30 a.m. until 3:45 p.m.

All kindergarten classes will meet in the morning only on Monday. The regular morning pupils will come for the first half of the time on Monday, while the regular afternoon classes will be held in the second half of the morning. Normal schedule will begin Tuesday.

## Madison, Venice Schedules

Madison high school students will report at 8:30 a.m. and be dismissed at 11:30 a.m. Monday. Commencing Tuesday will be the normal 8:30 a.m. to 3:15 p.m. times.

All other Madison schools—elementary through junior high—will open at 8:35 a.m. Monday and close 11:30 a.m. Regular schedule will be 8:35 a.m. until 3:40 p.m., with first grade pupils being dismissed at 3:30 p.m.

At Venice all schools will meet Monday for 8 a.m. to noon classes. The 8 a.m. until 3 p.m. schedule will begin Tuesday.

## Awarded Scholarship

Terry Flach, 17, a son of Mr. and Mrs. Adolph Flach of Harrisburg, Ill., has been awarded a three-year scholarship to the University of Illinois. He is a graduate of the Granite City high school.

Southern Illinois University is called by John E. King, president of the Kansas State Teachers College at Emporia, a tremendous institution which has made the most remarkable progress in the last few years of probably any state-supported institution in the United States.

**GOLD FROM HEAD TO TOE** are Keith Mercer, 11, and Patty Steiner, 10, who Sunday won top prize in the junior dance division of the Heart of Illinois roller skating contest at Peoria. Their outfits are gold with white accessories—down to gold spangled shoe covers. They won gold trophies, of course.

## Young Skaters Win Contest in Peoria

Eleven-year-old Keith Mercer and 10-year-old Patty Steiner opened the roller skating season in top form by winning the junior dance division of the "Heart of Illinois" contest this week in Peoria.

Defeating 12 other entries, the youngsters were competing together for the first time. The win was by unanimous decision of three judges. Their parents are Mr. and Mrs. Alvin Mercer, 2208 Rock road, and Mr. and Mrs. William Steiner, 904 Greenwood street.

Also competing in the meet were Joey Mercer, Beverly Henderson, Terry Sature and Joanne Hackney. Accompanying the children were Mrs. Elizabeth Stoppotte, roller skating instructor, Arlie Shanefelt, Mrs. Verna Meyer, Mr. and Mrs. Mercer, Mr. and Mrs. Steiner, Mr. and Mrs. Edward Henderson and Mr. and Mrs. Arthur Suhre. Next meet will be this week-end at Lee's Summit, Mo.

**BERNIE YEVIN**  
Bernie Yevin Wins Scout Silver Palm

The Eagle Scout Silver Palm citation has been awarded to Bernie Yevin of Explorer Post 15, son of Mr. and Mrs. George Yevin, 2917 Grand avenue. A junior at Granite City high school and a member of Sacred Heart Catholic Church, Yevin is a member of the National Honor Society and the holder of 37 Scout merit badges. His Post advisor is Charles Rodell.

The advancement committee composed of Edward Applegate, chairman, John Preston and Charles Hudson reported that Yevin had demonstrated superior scouting spirit and had shown all qualifications for advancement. The Post is sponsored by the Eagles Lodge.

## Large Audience At Youth Style Show

Nearly 400 persons filled the YMCA auditorium Monday night for the youth style show sponsored by the "Y" and the Associated Retailers and Civic Association. A dance followed the show.

Twenty-six models from Granite City, Madison and Venice junior and senior high schools appeared in back-to-school clothing furnished by local merchants. Mrs. Bonnie Fuller of the "Y" staff was in charge of preparations, while Bryan Bronsman supervised the dance.

Mrs. Julie Freedman introduced the two young narrators, Miss Char Lee Parnley, Miss Granite City of 1964, and Bill Lerman, head swimming instructor at the YMCA.

Don "Thebeau, local artist, prepared the setting with a country school house facade, through which each model walked onto the stage. Decorations were in a metallic pink, and white. Miss Dorothy Davis supervised the lighting.

Music was provided by Chuck Lottshaw on the organ and Donald Stark on drums. In charge of rehearsals was Mrs. Norma Norman, a "Y" instructor. Wardrobe assistants were Mrs. Dorothy Sabo and Misses Tina Waggoner and Diane Ebbing.

Mrs. Jo Davis and Mrs. Teresa Weckman handled tickets and transportation.

# Palace, Coronation, Vineyards, Concerts, Parties Highlight Mexico Tour

**IT'S A SMALL WORLD.** Ensemble Director Robert D. Todoroff (left) is shown talking Aug. 19 with a former Granite Cityan, Mrs. Rose Martinez of St. Louis, and her husband. The chance meeting took place in Durango, Mexico, where the couple was vacationing. Granite City student musicians arrived home late Monday afternoon, a month to the day after they had departed.

**EXTENSIVE PUBLICITY** was given to the Granite City students' tour of Mexico. Shown inspecting a sign advertising the ensemble's appearance at a theater in Zacatecos Aug. 18 are (left to right) Charles Jungels, Senorita Consuelo Martinez Elizondo, Joseph Wlezer and Dr. Richard Clark. off, Coolidge junior high school instrumental music instructor. With the cast is Linda Jungels, who fractured the great toe of her left foot on a rock July 30 during a group game on a Tampico ocean beach. The cast was necessary to protect the toe, but it did not cause her to miss any of the activities or performances.

**NUCLEAR REACTOR** was visited Aug. 18 with Zacatecos government officials. The group standing in front of the modern structure includes Robert D. Todoroff (left), director of the Granite City ensemble and organizer of the Mexican tour, and Senorita Consuelo Martinez Elizondo, Mexican Cultural Affairs Department representative on the tour.

**STERLING SILVER MEDALS** of the City of Durango were presented to Director Todoroff and members of the local student music ensemble during a formal coronation dance, which Durango officials postponed a week so the Granite Cityans could attend on Aug. 19. The coat of arms award is being presented to Todoroff by the wife of the governor.

**AIR CONDITIONED RAILROAD CAR** was provided for the 22-student ensemble, 13 adults and three younger children after heat proved severe early in the month-long tour, which the government of Mexico financed. It was the second tour in three years by the Latin American music group. Hot weather was encountered early and late in the "south of the border" journey, with the temperature falling as low as 38 degrees in the mountains.

**PARTY GIVEN BY MAYOR** of Zacatecos Aug. 18 included Attorney Charles Jungels (third from right) and Senorita Martinez. Seated at the table are Mexican municipal and education officials. The ensemble traveled an estimated 8000 miles by bus and train and played 27 concerts as well as enjoying sightseeing and recreation.

#### Diana Tadlock Wins 4-H Club Fair Honor

Diana Tadlock, 15, daughter of Mr. and Mrs. Raymond Tadlock, 1517 St. Clair avenue, was chosen one of five outstanding food demonstrators at the Illinois State Fair 4-H Club demonstrations in Springfield last week.

Miss Tadlock, among 18 Madison county representatives who took part in various types of demonstrations, showed the making of a Swedish tea ring which is a yeast bread demonstration. She was among the five chosen as most outstanding by all of the girl participants. The 18 Madison county delegates included nine who demonstrated clothing, six who demonstrated food projects, and three who demonstrated flower arrangements.

Miss Tadlock is a member of the Tri 4-H club of Granite City. Members of the same club who participated in the events included Sandra Cartile, who also took part in food demonstrations, and Linda Kozar, who was a clothing model. Two other Granite City girls, members of the 58ers 4-H club, also were in the Madison county group. They were Barbara Lerch and Gail Hamilton, both of whom served as clothing models.

#### SWIU Pre-Registration Extended to Sept. 17

New students at Southwestern Illinois University's Quad-City-Edwardsville campus will have until Sept. 17 to pre-register, an extension by three weeks of the previously set deadline, according to John H. Schnabel, registrar.

Schnabel said a late surge of applicants had made it impossible for his office to handle all of the students seeking pre-registration by the former Aug. 21 deadline.

"By extending the date until just six days before fall term classes start," Schnabel said, "new students who apply for admission up to Sept. 1 can be reasonably sure of getting clearance in time to pre-register."

Students who sign up for classes now, Schnabel said, must pay tuition and fees on the spot. Those who pre-registered before Aug. 21 will have until Sept. 11 to make the payments.

The last day of regular registration at Edwardsville and at SWIU's centers in Alton and East St. Louis is Sept. 23. Schnabel explained however that pre-registered students have an definite advantage because classes are filled on a "first come-first served" basis, and some classes are already closed.

The financial assistance program at Southwestern Illinois University is planned to enable talented high school graduates who may lack financial resources to enter and continue experiences in higher education. It includes scholarships, awards, prizes, grants-in-aid and student loan funds.

## Sheriff Fraundorf to Probe Gaming Stamp Purchases

Investigation into the issuance of federal tax stamps for coin-operated gambling devices to six Madison county locations, three of them in the Quad-Cities area, was promised today by Sheriff Barney Fraundorf.

Fraundorf said that while the number of such stamps has declined in Madison county in the last few years, "I feel that any one buying a federal stamp for gambling is openly defying law enforcement throughout this county."

He said he will request Illinois State Police and local law enforcement agencies of the areas in which the locations are listed to assist his office in the investigation as to why the present holders have purchased the gambling stamps. Fraundorf pointed out that records of the U. S. Treasury Department of the Internal Revenue Service show that "for the first time in many years" no wagering stamps have been issued for the 1964 year in Madison county.

In 1963, three wagering stamps were issued for Madison county. In one case, the holder was arrested outside of Fairmount Race track for accepting a bet; the holder of the second stamp was arrested for failure to register the stamp with the county clerk as required by law, and the holder of the third stamp is deceased.

**Annual Fee is \$250**  
As a result of previous actions by the sheriff's office, Fraundorf said, "the number of gambling stamps for coin-operated devices for 1964 has been reduced from 10 to 6. . . . The locations having gaming stamps has been reduced from 9 to 5. . . . Annual fee for the coin-operated gaming device stamps is \$250."

Fraundorf said that he had been informed by the Internal Revenue Service at Springfield that stamps for operating coin devices have been issued for 1964 to: Tri-City Disabled Veterans, Inc., 1419 Nineteenth street; Hobson L. Myers, Busy Bee Truck Stop, 4200 Highway 162; George Hinson of George's Diner, Market and Broadway; Venice; John Fincher of Mick's Garage, Mitchell, (two stamps); and to Erzen Victor Jr. of Vic's Drive Inn, Bethalto.

"Many of the people that buy these tax stamps from the federal government do so to protect themselves if someone unknown to them would use the machines to gamble with," Fraundorf said. There are others that may use the stamp for the purpose of gambling, he added.

Fraundorf said his office will investigate and prosecute anyone who gambles in the county for the purpose of gambling in Madison county.

Patients admitted Tuesday were:

Roberta Basden, 2632 North; Carrie Krug, 2864 Madison; Harry Hubler, 1728 Cleveland; Eugene Bryant, 2416 Sheridan; Jane Papp, 2133 State; Deilah Dorste, 109 Iowa; Madison; Patsy Callahan, 2038 Thirteenth; Howard Crabtree, 1925 Grand; Nova Ezell, 2317 E. 23rd; Linda King, 2125 Grand; Michael Turck, 2321 Edwards; Carrie Woodson, Lovejoy; Michael Rogers, 1117 Market; Madison; Lacy Boyer, RR 1; Virginia John, 2108 Waterman; Dale Pfeiffer, 4716 Warden; Laurie Bessmer, 2153 Benton; Joseph Meridian, Geraldine Rogers, RR 1; Peggy Hundley, 251 Lynch; Annabelle Kent, 2601 Hodges; Barbara Osburn, E. ## Election Code Relaxed

## Publishing Outsized Ballot Posed a Problem for State

Secretary of State William H. Chamberlain has announced the actual size of the official general election ballot will be 11 1/2 by 3 1/2 inches and newspapers throughout the state, which normally publish the ballot in its correct size, will be unable to do so this year. Newspaper pages average 16 by 21 inches in size.

After conferring with Atty. William G. Clark, Chamberlain said Section 16-10 of the Election Code requires that in each county, other than Cook, a list of all the nominations made under the code be published by the newspapers "as near as may be, in the form in which they shall appear on the general ballot."

It was noted that because of the extra-ordinary length of the ballot for representatives in the General Assembly, many newspapers will be unable to publish the ballot in the actual size. "I am of the opinion the law doesn't require doing an impossible act and for this reason publication of a smaller size ballot should be permitted," Chamberlain said. "However, it should be as near to the actual size as is physically possible depending

upon the normal page size in the particular locale."

He urged local election officials to enclose a footnote with the publication of the ballot explaining the ballot will be larger and will be orange when received by the voter at the polling place.

## Charged with Speeding

David Hileman, 29, of 2407 Bryan avenue, was arrested at 23rd street and Lincoln avenue on a charge of speeding, police reported Tuesday.

## Next GC Council Meeting Sept. 8

The next meeting of the Granite City council will be Tuesday, Sept. 8, because of the Labor Day holiday on Monday, Sept. 7. The council will not meet next Monday because it is the fifth Monday of the month.

The sessions are set for the first, third and fourth Monday of each month. Another meeting date change also is planned for late next month. The meeting on Monday, Sept. 28, is to be changed to Sept. 29 because a large number of council members plan to attend the Illinois Municipal League convention at Chicago Sept. 26-29.

In addition to the mayor, aldermen and superintendent of streets, the comptroller was authorized to attend. Each official who attends is to be allowed \$175 for expenses.

## 18 Women to Drive Quad-City School Buses

It just isn't true that women drivers aren't as good as men, says Burns Franklin, superintendent of training for the Bi-State Transit System, and Franklin should know.

For the past few weeks he has been engaged in a training program to qualify a group of women as bus drivers for Bi-State's school transportation system in the Quad-City area when the schools open next week.

The training program is a rather rigid one and designed to determine a qualified driver within four to five days of book study, handling of a bus and covering of the proposed route. The trainee will handle on two runs a day after schools are opened. So far, Franklin reports, he has had only one doubtful applicant out of 19 and it is still possible this one may qualify. That, he claims, is a pretty good record for a foundation for women drivers.

So far 18 women from the Quad-City area have qualified as school bus drivers and are now finishing up their training over the features of the bus, the signal lights and other mechanical features—and of driving the bus along a road that has only light traffic. On the third day the trainees drive the bus in a section of moderate traffic, getting accustomed to making turns and otherwise becoming acquainted with the handling of the vehicle.

On the fourth day the trainees drive the bus over the route she will cover in her daily transportation runs on school days. This affords additional practice in handling the bus as well as teaching the route and designated stops and turnoffs. Usually by the fifth day, Franklin said, the trainee is ready to handle the bus efficiently.

Franklin pointed out that in employing women bus drivers Bi-State officials required that the applicants have a driver's license because "we certainly don't want to be in the position of teaching someone to drive from scratch." There is considerable difference in the handling of a bus, compared to an auto, but a person who has been driving can acquire the ability without too much difficulty and some practice, Franklin said.

Bi-State decided to employ women bus drivers when officials experienced difficulty in securing men drivers. This was due to the fact that most men

FINAL PHASE of training to qualify as a school bus driver in the Quad-City area is driving a bus over the school route. Here Max. Lorraine Isherich, 2201 Aubrey avenue, finishes her qualifying run and is ready to take over as a school bus driver when schools open next Monday.

declined to work only three or four hours per day, preferring more steady employment. Women, on the other hand, are available for such work during the hours that they are needed—the mornings and the afternoons. For that reason an ideal environment was placed in the Press-Record.

"We had to cancel out the first day because we received more applications than we could handle," Franklin said. "We now have sufficient drivers for the Quad-City area, but we are short for the Alton area and plan to readvertise there this week," he added.

Pay \$2.10 an hour. The job pays \$2.10 per hour, which for four hours work per day, provides a daily salary of \$8.40, or \$44.00 a week for five days. Franklin said this appears to be an attractive "spare time" income for women who are not employed in other jobs and have a few hours a day to spare. In addition to the 18 women who will handle bus routes in the Quad-City area, two men also have been employed, bringing to 20 the total number of drivers available for Quad-City bus routes when the season opens.

Women drivers who have qualified include: Kathleen E. Woodard, 2535 Benton street; Eva Dean Vesper, 2815 East 25th street; William A. Lux, 136 Central avenue; Mary M. Hunt, 701 Twenty-eighth street; June A. Madison, 3817 B street; Ada L. Isherich, 2201 Aubrey avenue; Dorothy H. Motesgood, 3825 Idaho avenue; Betty Lou Harris, 2017 Muscatine avenue; Luella Mae Edwards, 1644 E. 23rd street; Doris J. Myers, 2829 Denver street; Naomi R. Cordell, 2220 Orville avenue; Betty Marie Boyer, 205 Paradise lane; Ida Mae Fleig, 2825 Edwards street; Alice Mae Jordan, Rural Route One; Vera Fay Jones, 644 Chouteau avenue; Kathryn W. Gray, 2639 Edwards street; Ernestine M. Buie, 903 Bissell street; Madison, and Lucille M. Kallagren, 217 Kerr street, Venice.

The two men drivers employed are Claude Edson, 2020 Troy street, Madison, and Wayne Miller, Caseyville.

Approximately 40 buses that will be used on the school runs next week are now ready at the new Bi-State parking grounds at 19th street and Madison avenue. They have been repainted and equipped with 11b signals, emergency exits and other features required by state law, according to Bi-State officials who said the work of reconditioning about 75 buses was completed recently.

## Renewed Interest in Lake Park, Karandjeff Reports

Widespread interest in the renewal of efforts to create a state park with recreation facilities at Horseshoe Lake was reported today by H. D. Karandjeff, local banker and chairman of Governor's Horseshoe Lake Area Commission.

Karandjeff said the survey of the lake area by a team of Southern Illinois University recreation experts is continuing and will be completed by mid-October.

The commission chairman said he is receiving encouragement from civic and governmental leaders in nearby communities as well as from boating, swimming, fishing and camping enthusiasts—both as individuals and groups.

The university survey team is being headed by Prof. William Freerberg, who is chairman of the Recreation and Outdoor Education Department at Carbondale.

SIU entered the picture to determine the recreational possibilities at the lake for the thousands of students that will be attending the new SVU campus only a few minutes away.

The team is not only studying the physical features of the lake and surrounding lands, but also is interviewing the present property owners as to their plans for the future and their opinions on the state park development.

Prof. Freerberg said the team is interested in the recreation possibilities, since the lake has been adequately surveyed for conservation and game refuge purposes.

The lake development as an extension of Cahokia Mounds State Park also is under consideration with both state and federal agencies being asked to assist.

Emphasis is being placed on the present private ownership of the lake, which is one of the largest natural bodies of water in the state.

## \$22,815 GC Bill List Includes Allowances

A \$22,815 bill list and \$36,525 half-month payroll were approved Monday night by Granite City council members.

The bill list included expense allowances of \$109 for Mayor Davis and \$30 for each of the following aldermen: Steve Basarich, Clyde Boyd, J. D. Bergfield, Ford Johnson, Walter Nann, Sandy Pence, Samuel Whitmer, Paul Rutledge and Casner Skulish and \$5 for Earl Thompson.

Other allowances were \$50 for Supt. of Streets William Warfield and \$80 for Building Inspector Earl Bloomquist. City Atty. Filcoff was paid \$75 for stenographer services.

Among items on the bill list were \$12,291 paid to United Disposal Corp. for August garbage and trash collections; \$7154 paid to David J. Johnston & Associates for engineering services on six motor fuel tax street projects, and \$200 paid to Clarence Whitford for weed cutting on 75 lots.

Maintenance, fuel and parts for city equipment amounted to \$412.

## Basarich Is Named To Pollution Committee

The appointment of Fifth Ward Alderman Steve Basarich to the Granite City council's Special Pollution committee by Mayor Davis was approved Monday night by the council.

Basarich was named to replace Alderman William McClellan, who resigned last month to move to West Virginia. Basarich will serve on the committee with Alderman McClellan, chairman, and Ford Johnson.

## Ross to Build New Fire Station

Construction of the new fire station for West Granite is to start immediately with Monday night's acceptance of the low construction bid submitted by Henry Ross, contractor.

The bid was \$48,172. Alderman Ford Johnson, chairman of the Fire committee, said none of the alternates would be included, and the station would be erected at the base bid amount.

The alternates amounted to \$1432, including \$343 for a gravel parking lot, \$1080 for concrete block in the apparatus room and \$9 for fibre glass instead of steel in the overhead door.

Other base bids ranged from \$50,909 to \$54,700. The new station is to be built on a newly-acquired tract along Rock road near Roosevelt street.

## More Homes Razed In Back of Mill; 29 Permits Issued

New construction continued at a slow pace, based mostly on repairs to homes, during the closing period of August, according to building permits issued by Earl Ekensquist, building inspector, and City Clerk A. L. Stevens.

A total of 29 permits were issued in recent days, listing values of \$33,147. In addition, a permit was issued to Granite City Steel Co. to raise houses in the "back-of-the-mill" area bounded by Atlantic avenue, Omaha street and 20th street at a cost of \$9800 and another went to Louis Cohen of Cohen's market to raise two houses at 2232-34 Dewey avenue at a cost of \$200.

Contractors for the Granite City Steel demolition project are Frain-Colton of St. Louis and S. M. Wilson & Co. of Granite City.

So far during the month 68 permits have been issued with values totaling \$86,054. During the entire month of August last year, 78 permits were issued with values totaling \$345,058, while last month, 176 permits contained values of \$423,190.

There was one permit for a new house. Robert Kelly will build a five-room brick veneer house at 2823 Sunset drive at a cost of \$14,000.

Two permits for additions to homes. Steve Ortiz, 1819 Spruce street, plans a three-room basement addition to cost \$1000 and John Graham, 1413 Rhodes street, one room, \$1500.

Eight permits for garages and carpenter repairs were issued to the following: Adron C. Gan, 2821 Warren avenue, general repairs and carpenter, \$1000; William Paulsen, 2571 Pontoon road, two-car garage, \$1000; Paul W. Van Gilder, 2228 Lincoln avenue, a garage, \$500; Dwaia Hoxsey, 2402 Logan avenue, a garage, \$350.

John Keller, 2411 Washington avenue, replace garage destroyed by fire, \$300; Riley Keeton, 2611 W. 22nd street, rebuild garage, \$300; Henry Amelung, 2239 Lee avenue, rebuild garage, \$1257; and Leonard Zettl, 4230 Braden avenue, garage, \$750.

**Remodeling, Repairs**  
Seventeen permits for remodeling and repairs were issued to William Huckelberry, 2157 Edison avenue, general repairs to garage and door, \$45; Richard Taylor, 2905 Edwardsville road, general repairs to building and sewer connection, \$1000; Wesley D. Lehmkuhl, 2257 Benton street, rebuild porch, \$475.

Rose Nightwine, 4003 North avenue, general repairs to eaves and garage, \$1000; Estle Clink, 304 Dale avenue, general repairs and patio roof, \$1000; Sinbad Kaspasian, 2116-18 Delmar avenue, raze sheds and general pairs, \$700; Ella Teipel, 2524 East 27th street, general repairs to porch floor, \$150.

Tony Belline, 2150 Waterman avenue, carport roof, \$45; Levi Duke, 2221 Grand avenue, general repairs to porch ceiling, \$125; Robert Blattner, 2905 Yale avenue, a sidewalk, \$150; Joe Russell, 1138 Meridian street, enclosure front porch, \$100; Mrs. Mary Bennett, 2030 Edison avenue, rebuild porch, \$275.

Marvin Kinworthy, 2610 Propes avenue, aluminum siding, \$1300; Raymond Davis, 2532 Circle drive, aluminum siding, \$1300; Elmore Zimmerman, 2417 State street, general repairs to roof and windows, \$500; and Lulu Johnson, 2250 Iowa street, general repairs, \$2000.

A miscellaneous permit was issued to Frank Schwallier, 2723 Birch avenue, a workshop, \$45.

## Boys Reprimanded for Disturbance in Cemetery

Granite City police were called shortly before 10 p.m. Monday to St. John's Cemetery, 2901 Nameoki road, where a group of boys were reported creating a disturbance. Police said they found the boys in the cemetery, reprimanded them and sent them home.

## Damaged in Collision

Autos driven by Jimmie Pickering, 21 St. Louis, and Paul R. Stephens, 39, of 3 Frontenac lane, were damaged at 8:45 p.m. Monday in a collision at West Pontoon and Nameoki roads. Prior to the collision, police he was headed east on West Pontoon road and struck the rear of Stephens' car which was stopped for a traffic sign at the intersection.

## Mitchell Kiwanis Hear Lt. Gov. Barnhardt

Kiwanis Division Lt. Gov. George Barnhardt of Glen Carbon was the featured speaker Monday evening at a meeting of the Mitchell Kiwanis club. Barnhardt, who was introduced by Francis Richardson, discussed a Kiwanis-supported spastic paralysis program which includes operation of a 22-bed hospital in Chicago. Gene Durrett, president, announced plans for a trip to a St.

Louis Cardinal game on Sept. 4 for boys in the baseball program co-sponsored by the club and the Mitchell Park and Athletic Association. Over 120 young ballplayers are expected to make the trip, Durrett said. They will be accompanied by their team managers and a number of parents.

Arrangements also were discussed for the fifth annual fall baseball festival when league youngsters are to be honored. The affair will take place on the grounds of the Bella-Vista, Saturday, Sept. 19. Events will be-

### Niedringhaus Church Hires Youth Director

The official board of the Niedringhaus Memorial Methodist Church has employed a director of youth work for the church, effective Sept. 1. Robert L. Lorentz, 28, of Granite City, will fill this position. It was announced today by Rev. R. Paul Sims, pastor.

Lorentz, son of Mr. and Mrs. Lee Lorentz of Granite City, has been working as a laboratory technician with the Union Starch & Refining Co. He will return to school this fall as a senior at McKendree College, Lebanon, where he will be a pre-ministerial student. He will work with the youth program of Niedringhaus Memorial Church in addition to his studies.

Lorentz has been working with the youth of the church on a volunteer basis for the past year and the participation and effective involvement of the youth have greatly increased, the board pointed out. In this new relationship, he will serve as ministerial assistant to the minister, with special responsibility for the church youth activities.

Lorentz is married to the former Donna Lynn of Granite City. They have a daughter, Robin. They will reside in a church-owned apartment at 2010 Delmar avenue after the first of September.

### Dr. Dycus to Speak Here Sunday Evening

Dr. Ernest M. Dycus, former minister of Niedringhaus Memorial Methodist Church, will be the guest speaker in the Sunday evening worship service. Dr. Dycus is now the superintendent of the Methodist Home in Lawrenceville, Ill., a home for the aged owned and operated by the church.

The 7:30 service will be held in Wesley hall and will include colored slides of the Methodist home as well as the message of Dr. Dycus. The public may attend this special program, according to the minister, the Rev. R. Paul Sims.

**Tax Collections for Nameoki End Friday**

The tax collection period for residents of Nameoki township will end at the close of Friday's business at the Granite City Trust & Savings bank where collections have been underway since June 30. Gene Rotter, township collector, announced this week.

The Nameoki township tax books will be returned to the county treasurer's office at Edwardsville Sept. 1. Payments by check only may be made at the Nameoki township office through Monday, Aug. 31, but no cash will be received after collections are discontinued at the bank Friday, Rotter said.

Collections were late in starting this year because of a delay in completion of tax books for the Quad-City area.

## State Capitol NEWS

### 1643 ADOPTIONS IN STATE

Adoptions in the state for the fiscal year ended June 30 totaled 1643, according to Dr. Franklin D. Yoder, director of the Illinois Department of Public Health.

Of this total, almost half went into homes where there were other children, and 17 of this group went into homes where there were eight or more children.

### DEER HUNTING PERMITS

Dates for northern Illinois deer season are Nov. 20, 21, 22, and 23, William T. Lodge, director of the Illinois Department of Conservation, said last week. Purpose of the announcement is to remove any confusion that may have arisen due to previous announcements.

In Northern Illinois quotas have been filled in Carroll, Jo Daviess, McHenry, Ogle, Stephenson, and Whiteside Counties.

Central Illinois counties that have been filled are Fulton, Madison, and Peoria. Permits are no longer available for Clinton, Gallatin, Hamilton, Hardin, Jefferson, Johnson, Macon, Monroe, Pope north and south, Saline, Union, and Williamson Counties in Southern Illinois. The deer season dates in Central and Southern Illinois are Nov. 20, 21, and 22, and Dec. 4, 5, and 6.

### ILLINOIS LEADS NATION IN SWISS CHEESE PRODUCTION

Illinois led all other states in the production of Swiss cheese, during 1963, with 45.1 million pounds or 38% of the nation's total, according to a report from the Illinois Cooperative Crop Reporting Service.

In total cheese production, Illinois ranked fourth with 92.7 million pounds, up seven percent from 1962. Wisconsin was in first place, followed by New York and Missouri.

### WILT KILLING TREES

Verticillium wilt is a destructive vascular disease that affects many trees in the state. Among those most susceptible are maple, elm, black locust, Linden, catalpa, tulip and red bud trees. According to William T. Lodge, superintendent of the Division of Plant Industry, trees that show only a limited amount of wilt may recover, while those showing a general over-all wilting usually die.

In Verticillium wilt is usually caused by lack of proper feeding and sufficient water. Trees should be fed or fertilized in the months of April, May, October or November.

Right now the most important thing you can do for your trees is to water them—and don't spare the water if you want to spare the tree.

### \$500,000 MITT

Illinois municipalities have been allotted \$500,000 as their share of the Motor Fuel Tax paid into the state treasury during July, the Illinois Department of Finance reported last week.

Stephen A. Forbes State Park, located one and one-half miles north of Onarga, is open to the public, according to an announcement by William T. Lodge, director of the Illinois Department of Conservation. The park was formerly known as the Marion County Conservation Area and Lake.

### OTHER TROUBLES FACING AREA CORN GROWERS

Most corn fields have been so damaged by the hot, dry weather that we don't like to mention any other trouble with corn, but we may soon be faced with a serious problem in a new disease in corn, so we might as well talk about it.

Agronomy and plant pathology specialists of the University of Illinois last week confirmed reports that a potentially dangerous corn disease has invaded three counties in southern Illinois. The counties are Alexander, Union and Walsh. It could be present in other counties.

The disease resembles corn stunt which was discovered in California in 1942, and is caused by a virus. Certain insects are suspected as virus carriers, although the disease may also be transmitted by other means.

The disease can wipe out an entire corn crop. Farmers are urged to check their fields for signs of the disease and to report suspected outbreaks to their county farm advisers. Severely infected fields may have to be harvested for forage. Infected fields show these symptoms:

At first, faint yellowish stripes in the younger leaves, together with a shortening of the uppermost internodes. This shortening causes the plant to appear bunched at the top. The yellowing may increase in extent and intensity. Further progress of the disease is seen in pronounced shortening of the newly-formed internodes so that the height is only one-third to one-half that of healthy plants. Certain hybrids may show a brilliant purple color in the leaves. Diseased plants commonly develop extra ears that are smaller than normal and bear little or no seed.

Corn that has reached the milk stage without infection is not in danger this year.

In cooperation with the USDA and other states, the U. S. scientists are launching an intensive program to study the disease, its cause, its method of transmission and recommendations for controlling the spread of the disease. These studies will provide the basis for later recommendations relative to the 1965 crop.

Many armyworms, varying in size from newly hatched to mature, are feeding on corn leaves of both sweet and field corn. Control measures in field corn are questionable, as the corn will probably grow away from the damage. Furthermore,

by the time the infestation is 2005 per acre. Or you could have deep into the whorls, depending on your individual situation. But if your P1 reach with any insecticide, in test shows 60, for example, you could 1 1/2 pounds of DDT may want to broadcast none but or Sevin per acre will control 40 pounds of 2005 per acre, the small worms when infestation is 2005 per acre. After the worms are large, there is no use to attempt control unless they are migrating from the field to the ear.

Do not use DDT on corn to be used for feed or silage. Do not use DDT on corn to be used for feed or silage.

### ROOTWORM DISCOVERED

Adult beetles of the northern corn rootworm have been found in the Woodson area, feeding on silks and pollen of the corn plants. They reduce pollenization, preventing ears from filling properly.

The beetles are pale green to yellow, an eighth to a quarter inch long, and quite active. They lay eggs in soil around the roots. Late in spring, eggs hatch and larvae feed on the roots. The beetles emerge in late July and August.

Northern corn rootworm can be controlled by crop rotation. To avoid damage do not grow corn more than two years in succession. After a severe out-break, other crops should be grown for two years.

Soil treatment before planting with aldrin, heptachlor or dieldrin gives good control and the same time. So far no reports of damage have come from fields that were treated with a soil insecticide.

### HINT TO WHEAT GROWERS

If you're sowing wheat this fall, be sure to test your soil first. Fertilizer can increase your wheat yields, but you'll make more money if you use the right amounts and the right kind.

There are some money-making tips for applying phosphorus, proven in both University of Illinois trials and farmers' fields:

• If your soil needs enough soluble phosphorus, Wheat needs phosphorus rapidly, and the wheat phosphorus will not meet its needs. Phosphorus stimulates rapid growth, helps wheat live through the winter and sub-

• If your soil needs a large amount of phosphorus, it's best to broadcast some and then drill the rest. This broadcast portion gives an important boost to the alfalfa and clover underseeded and also helps the wheat.

The P1 soil test is the best guide to the amount of phosphorus that it will pay you to apply. If you drill with seed so that it will be on the job when needed.

For example, if your P1 test ranges from 10 to 15, you may want to broadcast 90 to 150 pounds and drill 30 pounds of

farm tractors and implements as well as to cars and trucks. Come to a full stop when entering the highway, and do not proceed until the way is clear. Then stay on your side of the road.

If you must take your farm machinery onto the road at dusk or during darkness, proper lighting is a must. The evening hours are not only a period of heavy traffic, but also the time when it is hardest for the motorist to see. In the daylight hours, a red flag is required by law, to help draw the attention of the motorist to the hazards of slow-moving machinery.

The motorist should not be expected to assume the whole responsibility for rural highway safety. You also must share this responsibility.

The rules of the road apply to
